About This Program

The Master of Education degree in Career-Technical Teacher Education serves individuals who desire to continue as classroom and/or laboratory instructors in one of the career-technical service areas. The program offers a special needs specialization, which focuses on coursework and professional experiences related to the study of special needs populations in career-technical education.

Licensure information

Candidates seeking Ohio licensure are required to pass specific assessments in order to apply for licensure. Students should consult their advisors for specific program requirements and refer to the Ohio Department of Education-Educator Preparation website for more information on assessments specific to licensure type.

Program Learning Outcomes

Graduates of this program will be able to:

1. Expand use of instruction based on learner needs, including individualized, mixed-ability, cooperative and teamwork.
2. Be competent in using various instructional strategies.

Professional Licensure Disclosure

This program is designed to prepare students to sit for applicable licensure or certification in Ohio. If you plan to pursue licensure or certification in a state other than Ohio, please review state educational requirements for licensure or certification and contact information for state licensing boards at Kent State's website for professional licensure disclosure.
