**ARTS 34050 SCULPTURE: LIFE MODELING 3 Credit Hours**

(Repeatable for maximum 6 credit hours) Continuation of the study of the human figure in sculpture.

**Prerequisite:** ARTS 24051.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34051 SCULPTURAL OBJECT 3 Credit Hours**

Course builds on ARTS 24051 with a greater emphasis on content, proficiency, technical expertise, craftsmanship and understanding of contemporary sculpture. Students explore the object in space, delineating issues of scale, materiality, representation, abstraction, metaphor and hybridity. Drawing on historical, aesthetic and technical strategies of generating and understanding sculpture, students are guided toward the realization of more sophisticated and complex ways of handling materials and incorporating meaning. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work, engendering a better understanding of how sculpture is situated within the context of culture and society at large. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.

**Prerequisite:** ARTS 24051.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34052 TIME ARTS 3 Credit Hours**

This interdisciplinary class investigates the fundamentals of time-based media and its intersection with sculptural practice. Students build on concepts from ARTS 24051 to gain a broader understanding of multiple methods of making including performance, video, site and situation-specific works, as well as the use of traditional sculptural materials. Discussions of materials, processes and hands-on practice empower the student to move from concept to completed work engendering a better understanding of how sculpture is situated within the contemporary art world. Readings, slide presentations, discussions and critiques help provide the vocabulary for such an understanding.

**Prerequisite:** ARTS 24051.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34053 SITE AND INSTALLATION 3 Credit Hours**

This interdisciplinary course builds on concepts introduced in ARTS 24051, and expands on a variety of approaches in developing site-specific installations by considering the relationship between object/context, public/private, interior/exterior and urban/rural. Through the manipulation of materials, found objects and time-based media, students are introduced to concepts of space, intention, site and intervention through experimental approaches. Students further develop an understanding of material and context through in-depth readings, lectures and critical dialogue. Sculptural techniques, performance, photography and video art are covered and incorporated into the course. Studio time is supplemented by readings, lectures and site visits around campus.

**Prerequisite:** ARTS 24051.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34061 INTERMEDIATE PAINTING 3 Credit Hours**

Continuation of painting from observation with an introduction to oil paints and mediums. Students will look outside of the still life at various subjects including spatial dynamics, the figure, and abstracted imagery. Introduction to oil painting tools, processes, and best studio practices

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34062 PAINTING STRATEGIES: PROCESS AND CONTENT 3 Credit Hours**

This course focuses on conceptual prompts relative to contemporary issues to encourage a variety of processes and material approaches to making paintings. Students continue the idea of building a painting through the iterative process of making, analyzing, and editing their work throughout the semester. The painting is a live surface, a place to collect and record information, and this course insists that students consider a wide range of formal and conceptual choices to best address content. Each project will be initiated with rigorous research and further supported by exposure to visual examples of historic and contemporary painting, readings, written responses, seminar-style discussions, and numerous critiques of both in-progress and finished work.

**Prerequisite:** ARTS 24060 or ARTS 34061.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 34063 PAINTING STRATEGIES: IMAGE AND CONTENT 3 Credit Hours**

This course investigates various contemporary painting strategies through the use of images as source materials, with a strong emphasis on narrative. Moving away from direct observation and towards the abstraction of imagery, students will be asked to approach their practice through research, preliminary studies and sketches, and a self-driven investigation of the use of images to create concept. Various prompts will be assigned and are designed to provide students with a stronger understanding of the use of found, self-produced, or appropriated imagery as reference for their work, while helping each student build a direction for their painting practice. We will look to other mediums such as film, photography, collage, and advertising to inform the painted image and improve the reading of contemporary painting. We will look to other mediums to better contextualize the painted image in contemporary art.

**Prerequisite:** ARTS 24060 or ARTS 34061.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35095 STUDIO ART: SPECIAL TOPICS 3 Credit Hours**

(Repeatable for credit) Specialized courses in studio art that focus on specific techniques and media.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35300 TEXTILES: DIMENSIONAL 3 Credit Hours**

An introduction to the development of unique sculptural objects in textile media. Students explore three-dimensional textile processes using the floor loom and various basketry techniques, including wrapping and coiling and off-loom weaving.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35301 TEXTILES: PRINT PATTERN 3 Credit Hours**

Focus is on the unique aspects of printing repeat designs on cloth. Screenprinted pattern - developed through manual techniques and digital design - is considered in relation to the surface and the flexible plane of cloth. The development of design, craft skills, and critical evaluation are emphasized in relation to art and industry applications.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35302 TEXTILES: FELTMAKING 3 Credit Hours**

An opportunity for the in-depth exploration of technical and aesthetic possibilities of this unique process. Layers and textures in two dimensions and processes for three-dimensional feltmaking are introduced and considered as an expressive vocabulary with potential as functional form. Dyeing of wool fleece plays a major role in the course.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35303 TEXTILES: TAPESTRY 3 Credit Hours**

An introduction to a variety of traditional pictorial tapestry, discontinuous weft faced techniques, to be executed on the frame loom and floor loom. Both tapestry and carpet history are presented to reveal traditional processes, patterns, and images for inspiration in the creation of individual works. Dyeing will play a major role in the exploration.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35305 TEXTILES: ACCESSORIES - DESIGN AND PRODUCTION 3 Credit Hours**

Focus is on the design and production of textile accessories using the structural process of weaving. Texture, material, and color are critically and creatively considered in relation to the development of unique functional objects. Professional design objectives are presented.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35306 TEXTILES: SURFACE COLOR AND DESIGN 3 Credit Hours**

Introduction to coloring and patterning cloth through dyeing and resist techniques. Formal and conceptual aspects of surface design in relation to the flexible cloth plane are explored. Study of traditional historic and contemporary textile references provide a foundation for creative development.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35350 TEXTILES: DESIGN AND PRODUCTION 3 Credit Hours**

A basic introduction to the mechanics of designing and constructing patterned and dyed cloth on the floor loom. Learning to use the computer for the designing of woven pattern is an expectation of the course. This course may be beneficial for fashion and interior designers, as well as anyone interested in the design and craft of weaving.

**Prerequisite:** Special approval.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35400 FUNCTIONAL APPROACHES TO CLAY 3 Credit Hours**

(Repeatable for credit) Continuation of ARTS 25400 emphasizing functional approaches to clay using the potters wheel and a variety of hand-building techniques.

**Prerequisite:** ARTS 25400.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35401 SCULPTURAL APPROACHES IN CLAY 3 Credit Hours**

(Repeatable for credit) Continuation of ARTS 25400 emphasizing sculptural approaches to clay. This course may include explorations in three-dimensional form, the human figure, mold making, multiples and installation.

**Prerequisite:** ARTS 25400.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35602 FLAMEWORKED GLASS 3 Credit Hours**

An investigation of techniques, tools, equipment and materials involved in glass lampworking processes. The course covers basic melting, shaping and blowing with a glass frameworking torch. Students will learn to create larger sculptural objects from modular components through glass "networking" and will explore more technical frameworking processes to become familiarized with glass as a sculptural material.

**Prerequisite:** None.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**ARTS 35603 GLASS BLOWING 3 Credit Hours**

(Repeatable for credit) Further exploration of glass blowing techniques. Design, form, color and execution will be emphasized.

**Prerequisite:** ARTS 25600.

**Schedule Type:** Studio

## Description

The Bachelor of Arts degree in Art Education prepares students to effectively teach visual art by applying a learner-centered pedagogy to embrace the many dimensions of human intelligence and aesthetic education.

Art educators understand child development to successfully engage learners in the complete artistic process of thinking—perceptual, imaginative, formative, expressive and communicative—by combining a range of subject matter, symbols and ideas. They organize and evaluate teaching activities for creating and analyzing works of art and design from contemporary and past cultures. This involves using a variety of media, technology and community resources, making connections between visual art and other disciplines, as well as assessing the learning outcomes of their students.

In addition, art educators are prepared to meet the needs of all students with an understanding of the value of diversity. They create safe and equitable learning environments in which to nurture life-long skills in problem-solving, critical thinking, collaboration, creativity and constructing meaning.

Graduates of the degree program will be eligible to be certified for pre-K-12 visual art teacher licensure

Study Abroad/Away Opportunities:

- Travel opportunities to New York, London, Paris and China
- Study abroad through Kent State's Florence program in Florence, Italy (full semester or summer art and design experience)
- Ohio Art Education Association and National Art Education Association Travel Studies

## Accreditation

National Association of Schools of Art and Design (NASAD).

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

## Program Learning Outcomes

Graduates of the program will be able to:

1. Articulate their beliefs about art education and defend their position, as well as demonstrate in-depth engagement in issues of the field
2. Research, plan, conduct and assess art experiences for preK-12 grade students, grounded in the National and Ohio Visual Art standards
3. Examine and learn from observed student and teacher behaviors to understand effective teaching practices
4. Comprehend the visual stages of development as they relate to mental, social, emotional and physical development of children in order to plan appropriate lesson instruction
5. Develop and articulate knowledge of various theories related to teaching artmaking, art criticism, art history and aesthetics, as well as theories related to instructional and interdisciplinary practices
6. Apply principles of classroom management, safety practices and motivational techniques in teaching
7. Organize and manage the time, space and resources of an instructional setting for teaching art
8. Learn to use community resources, such as museums and community artists, and make connections between communal needs, the learner and the art education curriculum
9. Effectively plan and install art exhibits
10. Competently use materials and media to communicate visually
11. Effectively communicate verbally and through writing their ideas of art education in relation to contemporary art education theory and the application of those ideas in art classrooms
12. Become advocates for the field of art education
13. Develop an understanding of their communal, national and global identities, in the context of the personal as well as professional as educators
14. Create and teach appropriate art curricula that meet the cultural, emotional, academic, physical, sensory and behavioral needs of students
15. Understand the significance of and apply curricula that promote appreciation and critical understanding of diversity, inclusivity and interdisciplinarity
16. Learn about career planning and related professional issues, such as national assessments, unions, professional development possibilities, graduate studies and life-long learning
17. Continue to reflect critically on their teaching practices
18. Be prepared in professional responsibilities as a member of the art education community
19. Adapt their curriculum accordingly
20. Use technology in an ethical, critical and creative manner as a means to acquire, provide, organize and communicate knowledge

- <sup>1</sup> Students must complete ARTE 61101, ARTE 61191 and ARTE 61291 and 3-5 credit hours in other program requirements before scheduling the candidacy examination.

- <sup>2</sup> The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

- <sup>3</sup> The non-thesis option is appropriate for students in contexts in which research can be completed on their own practice, in most cases in their own art classrooms or other educational venues. The master's project involves research, which focuses on participant/researcher studies in curriculum, classroom settings, grant implementation and/or community-based projects. Students articulate and refine knowledge, reflective practice (including critical self-reflection) and develop goals to improve practice or further understanding of phenomena within the field of art education.

- <sup>4</sup> Students select an elective course in consultation with their program advisor.

- <sup>1</sup> The thesis is a significant project or body of work done independently of other coursework. Students are expected to demonstrate the ability to conduct research or produce a significant, original project in a discriminating and disciplined manner. The thesis topic should be one that will further the student's knowledge and ability in the specialty by demonstrating skill as a researcher or studio artist. The outcome should be an effort that serves as a foundation for the pursuit of independent work when the graduate program is completed. At this stage, students are expected to work in close consultation with their thesis advisor.

### Graduation Requirements

- A reading knowledge of either French, German or other approved foreign language is required.
- Successful completion of the Candidacy Review Examination is a requirement in every School of Art graduate program. In the Art History major, the examination is given by the fourth semester of full time coursework. Successful completion of the examination designates the student as a candidate for the degree.

## Description

The Bachelor of Arts degree in Studio Art is a liberal arts program that provides students with the breadth of study that complements core work in the visual arts. Students may choose one or more studio art minors or a second major outside the arts to prepare themselves for a wide range of careers or for further specialized study.

Students in the program are encouraged to take advantage of travel opportunities to New York Chicago, London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy, location.

### Fully Offered At:

- Kent Campus
- Stark Campus

## Accreditation

National Association of Schools of Art and Design (NASAD).

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and

grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

Transfer applicants to the program who meet the general transfer admission requirements should schedule a meeting with the academic advisor in the School of Art and submit a portfolio to a studio art faculty member to review for proper course placement. The faculty member may specify additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state-wide Transfer Articulation Guides (TAG), although each student will be evaluated individually in terms of his or her ability to perform in the program. Transfer students should make every effort to complete admission requirements before the deadlines and to schedule a portfolio review with before registration.

## Program Learning Outcomes

Graduates in the program will be able to:

1. Demonstrate the ability (skill) to do competent work within their chosen media and an understanding of the processes and materials involved.
2. Demonstrate an understanding of larger contemporary and historical contexts within which the visual arts have been created.
3. Demonstrate an understanding of design and visual literacy in their work.
4. Use skills in oral, written and digital presentation of work and of ideas associated with visual arts production, use and appreciation.

## University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

**NOTE:** University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

- <sup>1</sup> Selected upper-division Studio Art courses (ARTS 30000 or 40000 level) may be taken without first successfully completing ART 30001. At the completion of eight specific courses (ART 10022, ART 10023, ART 10024, ARTH 22007, ARTS 14000, ARTS 14001 and two of the four foundations electives), students register for ART 30001 and submit a portfolio of representative studio work selected from these courses to a studio art faculty committee for review. An examination of knowledge of art history also will be included. Incoming transfer students are expected to provide examples of foundational coursework equivalent to School of Art requirements for ART 30001. The review is a formative assessment of the student's foundations work including a digital portfolio, installation of sampling of works and proficiency in written and oral critical thinking.
- <sup>2</sup> A minimum C grade must be earned to fulfill the writing-intensive requirement.
- <sup>3</sup> A maximum 6 credit hours of ARTS 45092 may be applied toward Studio Art Electives. Students may apply this course toward fulfilling general electives, with no maximum credit hours required.

## Description

The Bachelor of Fine Arts degree in Studio Art is a pre-professional program that develops students' conceptual prowess, technical competency and independent problem-solving to meet the challenges of a career or advanced study in the visual arts. Through studio critiques, the study of sophisticated art and design concepts, mastery of skills and technologies and critical analysis of historical and contemporary issues, students learn to analyze and evaluate visual art and to apply this knowledge to their own creative practice. Graduating students demonstrate their competence by producing a cohesive body of work presented in their senior thesis exhibition to a panel of faculty reviewers.

The Studio Art major comprises the following concentrations:

- The **Ceramics** concentration offers students the opportunity to hone their command of ceramic material to create both artistic and functional forms. Students find new ways of practicing an ancient craft, drawing on both traditional and contemporary thought and practice. In addition, they investigate practices from around the world for a global context in understanding the medium.
- The **Drawing** concentration cultivates foundational through advanced observational, conceptual and experimental processes to enable students to explore ideas across media and disciplines. All majors in the School of Art are able to complete a sequence of drawing courses to strengthen their drawing as a tool for visual thinking and recording. The concentration encourages advanced students to work with a wide range of approaches and to pursue drawing in diverse contexts.
- The **Glass** concentration challenges students to explore glass as a creative medium, both technically and conceptually, within the broader context of contemporary art. In addition to the fundamentals of glassblowing, students learn glass casting, slumping, fusing, frameworking, enameling, cold-working and assembly. Both interdisciplinary and mixed media approaches are actively encouraged.
- The **Jewelry, Metals and Enameling** concentration guides students in developing their own artistic signatures by exploring historical and contemporary concepts. Students are able to absorb a range of techniques and technological processes, using such specialized equipment as 3-D printers and large-scale Ferro enameling kilns.
- The **Painting** concentration is rooted in observation and technique while stimulating abstract, conceptual or material-driven ideas about painting and contemporary art practices. The curriculum supports a variety of specific approaches to painting – including collage, figural, landscape and abstraction – while simultaneously promoting an interdisciplinary approach and emphasizing engagement with contemporary practices. Advanced painting students work in consultation with faculty advisors to pursue individual directions and interests.
- The **Print Media and Photography** concentration introduces students to all traditional print forms as a foundation for conceptual approaches. Students are able to learn print techniques such as intaglio, lithography, relief, silkscreen and large-format digital printing. In addition, students can explore traditional and experimental photography and develop print matrices. Students learn how to develop printed and photographic works of art through layering, problem solving and thoughtful material applications.
- The **Sculpture and Expanded Media** concentration encourages proficiency in foundational methods of making-modeling, carving and assembly. The concentration is a springboard for students to learn how to communicate ideas through sculptural works. Although

sculpture classes are rooted in the history of object-making, new forms of sculptural practice (installation, time-based practice, sound and kinetic works) are all part of a comprehensive three-dimensional program.

- The **Textiles** concentration fosters creative thinking, critical inquiry and development of technical facility. Students study the artistic and cultural legacy of textiles in conjunction with historic and contemporary practices. Components of the program are the traditions of textile making (built on repetition, geometry and order) linked with digital design and technology. Students learn felt-making, surface design, screen-printing and weaving (hand-manipulated, loom-controlled and digital).

A concentration does not need to be declared upon admission, but students should declare a concentration no later than completion of ART 30001.

Students in the program are encouraged to take advantage of travel opportunities to New York, Chicago, London, Paris and China. In addition, students can participate in study abroad full semester or summer experiences at Kent State's Florence, Italy location.

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

Transfer applicants to the program who meet the general transfer admission requirements should schedule a meeting with the academic advisor in the School of Art and submit a portfolio to a studio art faculty member to review for proper course placement. The faculty member may specify additional requirements considered reasonable and necessary. Transfer credits are evaluated consistent with the state-wide Transfer Articulation Guides (TAG), although each student will be evaluated individually in terms of his or her ability to perform in the program. Transfer students should make every effort to complete admission requirements before the deadlines and to schedule a portfolio review with before registration.

## Program Learning Outcomes

Graduates of the program will be able to:

1. Demonstrate the ability (skill) to work within their chosen medium/media, and understand associated materials and processes.
2. Demonstrate an understanding of larger contemporary and historical contexts.
3. Demonstrate a high degree of design and visual literacy in their work.
4. Articulate their individual vision in both written and oral form.

## University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

**NOTE:** University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Destination Kent State: First Year Experience	1
Course is not required for students with 25 transfer credits, excluding College Credit Plus, or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 (or 42)
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate. Students in a B.A. and/or B.S. degree in the College of Arts and Sciences must complete 42 upper-division credit hours.	
Total Credit Hour Requirement	120
Some bachelor's degrees require students to complete more than 120 credit hours.

## Description

The Master of Arts degree in Studio Art serves students with art or design undergraduate experience wishing to continue building skills within a specific studio discipline (textiles, sculpture, printmaking, painting, jewelry/metals/enameling, glass, drawing or ceramics). Students may use the degree to produce a portfolio of work as a pathway to an M.F.A. degree, as an avenue to promotion or advancement in an existing career, or to hone technical skills in a specific studio disciplines for use in industry.

**Fully Offered At:**

- Kent Campus

## Accreditation

National Association of Schools of Art and Design (NASAD)

## Admission Requirements

- Bachelor's degree from an accredited college or university for unconditional admission
- Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission
- Official transcript(s)
- Curriculum vitae
- Goal statement
- Artist statement (250-500 words)
- Portfolio
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 550 TOEFL PBT score (paper-based version)
  - Minimum 79 TOEFL IBT score (Internet-based version)
  - Minimum 77 MELAB score
  - Minimum 6.5 IELTS score
  - Minimum 58 PTE score
  - Minimum 110 Duolingo test score

For more information about graduate admissions, please visit the Graduate Studies admission website. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of the program will be able to:

1. Enhance student communication and presentation skills through participation in graduate seminars, critiques and engagement with professional standards.
2. Develop deeper awareness of historical and cultural contexts of art and craft production leading to advanced skills of aesthetic judgement and assessment.
3. Develop capacities of independent inquiry research strategies, problem solving and self-reflexivity with regard to creation of a body of work.
4. Build a strong portfolio to enhance opportunities for further education and/or career and entrepreneurial options.

<sup>1</sup> After completing 16 credit hours of coursework, students present a body of current art work to a committee of three to five faculty members for review and discussion. Students may take major electives through cross-discipline, seminar-style courses, graduate studio, travel study and/or independent study. Maximum 6 credit hours of travel study courses, and maximum 20 credit hours of graduate studio courses may be applied toward the M.A. degree.

<sup>2</sup> Students' thesis may comprise an installation or a series of collective works, in addition to a written thesis. The written thesis must document and substantiate the visual works through historical context, process or other theoretical premises. Students must present an oral defense of the works to a committee of three to five faculty members, in addition to mounting the installation and preparing the written thesis.

## Candidacy Examination

Successful completion of the candidacy review examination is a requirement in every School of Art graduate program. In the studio majors, it is scheduled after half of the program has been completed. Successful completion of the examination designates the student as a candidate for the degree.

## Description

The Master of Fine Art degree in Studio Art is designed to prepare students for careers as independent visual arts through the cultivation and refinement of a successful studio practice. The program emphasizes intensive personal investigation and the development of strong aesthetic and conceptual understanding. In addition to time in their own studio, students have opportunities to enhance existing skills and knowledge by observing undergraduate class demonstrations and critiques.

The M.F.A. is the terminal degree in the studio arts and is a requirement for those who intend to teach visual arts in higher education.

The Studio Art major comprises the following concentrations:

- The **Ceramics** concentration offers an intense focus on artistic development. Through mentorship and a broad spectrum of course offerings, students work closely with faculty advisors to find their own voice as artists. Studio practice is supplemented with art history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.
- The **Drawing** concentration draws upon contemporary practices and discourse in the field to prepare students for a life in the arts. Students are encouraged to work across disciplines and techniques in order to develop a body of work that reflects their independent investigations in drawing. Studio practice is supplemented with art history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.
- The **Glass** concentration is based on the belief that successful creative work results from spending time with one's ideas and receiving constructive and supportive criticism from faculty and peers. The concentration aims to create an atmosphere where students pursue ideas and engage in an extended scholarly dialogue. While building on the legacy of the American Studio Glass Movement, students are fostered to be leaders in redefining the future of studio glassmaking.
- The **Jewelry, Metals and Enameling** concentration allows students to build individual research strategies for developing a coherent and distinctive body of work. Investigations of inter-media and interdisciplinary relationships are part of the curricular focus. Students are expected to be conscious of and involved in contemporary practices, discourse and trends, nationally and globally, among the field and within the larger arts/crafts/design movements. In addition to time in their own studio, students have opportunities to enhance existing skills and knowledge by observing undergraduate class demonstrations and critiques. Students are encouraged to use both traditional and contemporary studio practices while having access to an array of metalsmithing equipment, enameling kilns and a digital fabrication laboratory.
- The **Painting** concentration draws upon contemporary practices and discourse in the field to prepare students for a life in the arts. Students are encouraged to work across disciplines and techniques in order to develop a body of work that reflects their independent investigations in painting. Studio practice is supplemented with art

history seminars, visiting artist lectures, summer workshops and travel study programs to New York City, culminating in a solo M.F.A. thesis exhibition.

- The **Print Media and Photography** concentration aims to strengthen the students' personal vision through emphasis on the conceptual aspects of the printmaking and photography disciplines. Students have access to studios for lithography, etching, relief, silkscreen and digital media, in addition to a darkroom, press room and digital fabrication laboratory. Enrollment is deliberately kept small enough to make possible the faculty mentor/student relationship.
- The **Sculpture and Expanded Media** concentration encourages proficiency in foundational methods of making-modeling, carving and assembly. The concentration is a springboard for students to learn how to communicate ideas through sculptural works. Although sculpture classes are rooted in the history of object-making new forms of sculptural practice (installation, time-based practice, sound and kinetic works) are all part of a comprehensive three-dimensional program.
- The **Textiles** concentration focus on guiding young artists into the world of the professionally active studio artist. Digital design and technology go hand-in-hand with traditional fiber art techniques, while pushing students to think conceptually, experimentally and across disciplines.

## Fashion Design and Merchandising (FDM)

### FDM 10010 FASHION FUNDAMENTALS 3 Credit Hours

Introduction to the global fashion industry. Analysis of the business of fashion how it is conceived marketed and sold. Overview of important resources, companies and personnel who impact the industry.

**Prerequisite:** Fashion design, fashion merchandising or pre-fashion design and merchandising major.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

### FDM 10023 FASHION VISUALS 1 Credit Hour

The study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10024.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

### FDM 10024 FASHION VISUALS LABORATORY 2 Credit Hours

Laboratory applications in the study of fashion information, research sources, color theory, two-and three-dimensional design and visual presentation formats as they apply to the fashion industry.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10023.

**Schedule Type:** Combined Lecture and Lab

**Contact Hours:** 1 lecture, 2 lab

**Grade Mode:** Standard Letter

### FDM 10033 FASHION FABRICS 1 Credit Hour

Study of fabrics, focusing on differentiating between fibers, fabric construction, and fabric names. The student will study fabric properties and how they relate to fabric end usage.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10034.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

### FDM 10034 FASHION FABRICS LABORATORY 2 Credit Hours

Laboratory applications in the study of fabrics, focusing on differentiating between fibers, fabric construction, and fabric names. The student will study fabric properties and how they relate to fabric end usage.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10033.

**Schedule Type:** Combined Lecture and Lab

**Contact Hours:** 1 lecture, 2 lab

**Grade Mode:** Standard Letter

### FDM 10053 INTRODUCTION TO FASHION TECHNOLOGY 1 Credit Hour

Introduces students to the fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising and production contexts is presented.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10054.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

### FDM 10054 INTRODUCTION TO FASHION TECHNOLOGY LABORATORY 2 Credit Hours

Laboratory applications of fundamental concepts, procedures, and techniques used in digital imaging software and information database software. A survey of current and emerging technologies used in fashion design, merchandising, and production contexts is presented and applied.

**Prerequisite:** Fashion design or fashion merchandising major.

**Corequisite:** FDM 10053.

**Schedule Type:** Combined Lecture and Lab

**Contact Hours:** 1 lecture, 2 lab

**Grade Mode:** Standard Letter

### FDM 10140 FOUNDATIONS OF FASHION DRAWING 3 Credit Hours

Introduction to fashion drawing. Concentration on communicating through drawing the fashion figures and technical flats, accurate garment proportion and construction.

**Prerequisite:** Fashion design major.

**Schedule Type:** Combined Lecture and Lab

**Contact Hours:** 5 other

**Grade Mode:** Standard Letter

### FDM 15055 BASICS OF APPAREL CONSTRUCTION 3 Credit Hours

Introduction to sewing techniques and application processes using industrial sewing machines and other related equipment in basic garment construction. Development of fundamental patternmaking skills.

**Prerequisite:** Fashion design major.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

### FDM 20013 HISTORY OF COSTUME 3 Credit Hours

Chronological study and research of historic costume from the origin of clothing through the French revolutionary era, 19th and 20th century designers, and the influence on contemporary fashion.

**Prerequisite:** HIST 11050 or HIST 11051 or ARTH 22006 or ARTH 22007.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

### FDM 20030 FASHION APPAREL ANALYSIS 3 Credit Hours

Analysis and evaluation of fashion apparel; quality standards of ready-to-wear apparel and factors that influence the aesthetic and functional performance of the end product.

**Prerequisite:** FDM 10033 and FDM 10034; and fashion merchandising major.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**FDM 20050 FASHION TECHNOLOGY APPLICATIONS 3 Credit Hours**

A continuation of content related to technology within the fashion industry. Pattern manipulation, basic technical packages, garment measuring specs, print design and computerized fashion illustration is addressed with the use of industry-specific and off-the-shelf software packages.

**Prerequisite:** FDM 10053 and FDM 10054; and fashion design major.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 20121 FASHION DRAWING I 3 Credit Hours**

Advanced study of design illustration techniques as applied to the fashion figure through the use of live model drawing. Concentration on fabric rendering and drape as illustrated on the fashion figure. Introduction to technical flats used for illustrating garment construction.

**Prerequisite:** FDM 10023 and FDM 10024; and FDM 10140; and fashion design major.

**Schedule Type:** Laboratory

**Contact Hours:** 6 lab

**Grade Mode:** Standard Letter

**FDM 20122 FASHION DRAWING II 3 Credit Hours**

Continued study of fashion illustration techniques through the use of Croquis books and figure layouts. Introduction to different design markets and research and how illustration reflects different markets. Instruction on stylizing according to market.

**Prerequisite:** FDM 20121.

**Schedule Type:** Laboratory

**Contact Hours:** 6 lab

**Grade Mode:** Standard Letter

**FDM 20153 FLAT PATTERN 3 Credit Hours**

Development of basic muslins and slopers. Patternmaking principles of dart manipulation and added fullness. Construction techniques for bodice, skirt, sleeve, collar, and pant variations.

**Prerequisite:** FDM 10033 and FDM 10034; and FDM 15055; and fashion design major.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 20154 DRAPING 3 Credit Hours**

Development of basic garment shapes using draping techniques. Emphasis placed on torso development, contouring principles and design development on the form. Construction techniques for boned bodice garments and using knit and bias cut fabrics.

**Prerequisite:** FDM 10033 and FDM 10034; and FDM 15055; and fashion design major.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 20155 MACHINE KNITTING 3 Credit Hours**

Basic machine knitting techniques, including structure and shaping on industrial handflat knitting machine. Development and analysis of knitted textiles.

**Prerequisite:** None.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 20263 FASHION RETAIL INDUSTRY 3 Credit Hours**

Study of retail organizations and structures within the fashion industry. Analysis of supervision organization and operations management of fashion retail institutions.

**Prerequisite:** FDM 10010; and fashion merchandising major.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**FDM 25011 FASHION BRANDING 3 Credit Hours**

An overview of branding in the fashion industry. Analysis of strategies for creating (brand awareness), maintaining (brand management) and enhancing the strength (brand asset management) of fashion brands. Class members work individual as part of a group.

**Prerequisite:** FDM 10010; and fashion merchandising major.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**FDM 30013 FASHION AND POP CULTURE 3 Credit Hours**

An examination of the relationship between different types of design and popular culture in America and Europe in the 20th and 21st centuries.

**Prerequisite:** ARTH 22006 or ARTH 22007 or HIST 11050 or HIST 11051.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**FDM 30050 FASHION TECHNOLOGY: COMPUTER INTEGRATED TEXTILE DESIGN 3 Credit Hours**

The use of Computer Integrated Design tools to produce textile prints, wovens and knits for professional presentation scenarios.

**Prerequisite:** FDM 10053 and FDM 10054.

**Schedule Type:** Studio

**Contact Hours:** 5 other

**Grade Mode:** Standard Letter

**FDM 30083 PROFESSIONAL SEMINAR 3 Credit Hours**

Professional development strategies for fashion and related careers. Emphasis is on verbal and written communication skills.

**Prerequisite:** FDM 20030 and fashion merchandising major; and junior or senior standing.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**FDM 30124 TECHNICAL DESIGN IN THE FASHION INDUSTRY 3 Credit Hours**

Students learn seamstitch classifications, costing, sourcing and lab testing quality assurance. Assembly-line and modular manufacturing are discussed.

**Prerequisite:** FDM 10033, FDM 10034 and FDM 20050.

**Schedule Type:** Laboratory, Lecture, Combined Lecture and Lab

**Contact Hours:** 5 other

**Grade Mode:** Standard Letter

**FDM 30132 APPAREL CONSTRUCTION FOR SPECIALTY MARKETS 1 Credit Hour**

Construction details specific to a market are researched, discussed and duplicated. Only one specialty market covered each class. Markets vary by class.

**Prerequisite:** None.

**Schedule Type:** Combined Lecture and Lab

**Contact Hours:** 1.5 other

**Grade Mode:** Standard Letter

**FDM 30151 ADVANCED PATTERNMAKING 3 Credit Hours**

Flat pattern assignments for advanced, complex garments. Suits, outerwear, cutsew knits will all be covered. Students will make patterns by traditional methods as well as by computer.

**Prerequisite:** FDM 20153 and FDM 20154.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 30154 DIGITAL MACHINE KNITTING 3 Credit Hours**

Programming knitting and basics of operating an industrial knitting machine. Students will develop a sample book that includes industrial techniques, such as structure, shaping, jacquard, intarsia cables, etc. One group project to create a garment and one final project based on research of knit industry will be required.

**Prerequisite:** None.

**Schedule Type:** Studio

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**FDM 30155 KNITWEAR DESIGN 3 Credit Hours**

Focus is on the design development of knitwear, learning about how to recognize and communicate knit design through graphs and stitch notation as well as what yarns, fibers and machines are appropriate. The students in this class also design knitwear collections.

**Prerequisite:** Fashion design major.

**Schedule Type:** Studio

**Contact Hours:** 5 other

**Grade Mode:** Standard Letter

**FDM 30161 FASHION DESIGN STUDIO I 6 Credit Hours**

Open fashion studio concept to support the creative process of croquis sketching and construction in the production of design work. Students explore markets, selling seasons, and specific construction techniques; and they further develop fashion design process approaches.

**Prerequisite:** FDM 20122 and FDM 20153 and FDM 20154.

**Schedule Type:** Studio

**Contact Hours:** 12 other

## Description

The Bachelor of Arts degree in Fashion Design integrates conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production. These processes include color, design and trend research; technical sketching and rendered illustration; pattern-making and garment construction; analysis of appropriate fit and fabric selection; and the ability to communicate specifications for production using industry standards appropriate to specific markets.

The B.A. degree in Fashion Design promotes an emphasis on the diversity of studio practice and liberal art experiences. Students have the option to select coursework offerings to gain expertise in a variety of specialties that connect directly to fashion design, such as wearable technology applications, garment knitting, illustration and/or accessory design.

The degree program prepares students for professional careers by developing technical competency, creative/independent problem solving and conceptual understanding necessary for the challenges of a career in the creative industries. Students develop portfolios for presentation at industry interviews and are prepared to be strongly competitive for any entry-level design position in the industry. In addition, students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City and Florence, Italy, as well as through collaborative partnership programs with the Paris American Academy, Hong Kong Polytechnic University and Regent's University in London.

When enrolled in junior-level fashion design studio courses, fashion design students may complete the application process to declare the Bachelor of Fine Arts degree or chose to continue pursuing the B.A. degree. The decision as to which degree is best for a particular student depends on the student's educational and career goals, academic

standing, performance in studio coursework and an approved 'B.F.A. Proposal.'

### Fully Offered At:

## Accreditation

National Association of Schools of Art and Design (NASAD).

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students:** Admission to the Fashion Design major is selective. Prospective applicants must have a minimum 3.000 overall grade point average (on a 4.000 scale); and a minimum 21 ACT composite score or a minimum 1060 SAT score.

**Transfer Students:** Admission to the Fashion Design major requires a minimum 2.750 overall GPA based on minimum 24 credit hours of college-level coursework at an accredited institution. Those students meeting this GPA requirement but with fewer than 24 credit hours will be evaluated as new freshmen.

Students who do not meet the criteria for admission to the Fashion Design major may be eligible for admission to the Pre-Fashion Design and Merchandising non-degree major. In addition, students who do not meet the admission criteria may initiate the process for declaring the B.A. degree in Fashion Design after completing minimum 12 credit hours of non-developmental coursework at Kent State University and earning a minimum 2.750 overall GPA.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the fashion industry, fashion markets, fashion products, and services
2. Demonstrate understanding of integrating conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production.
3. Apply knowledge and skills in the use of basic tools, techniques, and processes sufficient to produce work from draft or specifications to finished product, including skills in portfolio preparation.
4. Articulate conceptual and critical thinking applicable to the fashion industry.
5. Employ research processes and practices employed in the fashion industry.

6. Articulate professionalism and communication skills in the appropriate creative industry.

## Fashion Design - B.F.A.

### College of the Arts

School of Fashion Design and Merchandising

## Description

The Bachelor of Fine Arts degree in Fashion Design integrates conceptual, technical and production design knowledge and skills, leading to a synthesis of the design process from concept to production. These processes include color, design and trend research; technical sketching and rendered illustration; pattern-making and garment construction; analysis of appropriate fit and fabric selection; and the ability to communicate specifications for production using industry standards appropriate to specific markets.

The degree program prepares students for professional careers by developing technical competency, creative/independent problem solving and conceptual understanding necessary for the challenges of a career in the creative industries. Students develop portfolios for presentation at industry interviews and are prepared to be strongly competitive for any entry-level design position in the industry. In addition, students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City and Florence, Italy, as well as through collaborative partnership programs with the Paris American Academy, Hong Kong Polytechnic University and Regent's University in London.

The B.F.A. degree in Fashion Design engages students in a focused-study thesis project (collection development) as a capstone experience that results in submitting their collection for formal review by faculty and industry designer-critics, followed by public presentation in a fashion venue and completion of a thesis 'magazine' (print collateral).

## Fashion Industry Studies - M.F.I.S.

### College of the Arts

School of Fashion Design and Merchandising

226 Rockwell Hall

Kent Campus

330-672-3010

FashionSchool@kent.edu

www.kent.edu/fashion

## Description

The Master of Fashion Industry Studies degree in Fashion Industry Studies robustly addresses the highly interdisciplinary character of practice within fashion as a product-driven industry with a unique set of parameters that transverse many traditional academic boundaries.

Fashion Industry Studies is an initial master's level degree for the academic advancement of students to engage in learning and experiences applicable to the fashion industry. The degree program prepares professionals who intentionally use cross-disciplinary and applied research methods to address complex issues derived from the industry setting and provide impactful research-based solutions for the fashion industry.

## Fully Offered At:

- Kent Campus

## Admission Requirements

- Bachelor's degree from an accredited college or university<sup>1</sup> for unconditional admission
- Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission (effective fall 2021, students will be required to have a minimum 3.300 undergraduate GPA on a 4.000 point scale)
- Official transcripts(s)
- GRE or GMAT scores if GPA is below 3.000 for conditional admissions (effective fall 2021, GRE or GMAT scores will be required if GPA is below a 3.300)
- Goal statement (maximum 500 words) relating career/academic goals and research interests as they relate to critical issue(s) the applicant has identified in current fashion industry practice (effective fall 2021, the maximum word count will increase, from 500 to 1000)
- Supportive materials that demonstrate research and writing capabilities (e.g., significant term paper, research project report, and/or visual portfolio with minimum 5-10 examples of work in any media documenting design process)
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 587 TOEFL PBT score (paper-based version)
  - Minimum 94 TOEFL IBT score (Internet-based version)
  - Minimum 82 MELAB score
  - Minimum 7.0 IELTS score
  - Minimum 65 PTE score
  - Minimum 120 Duolingo test score

For more information about graduate admissions, please visit the Graduate Studies admission website. For more information on international admission, visit the Office of Global Education's admission website.

<sup>1</sup> Students who are expecting to pursue coursework or thesis research in a design topic are required to possess a bachelor's degree in fashion design OR a bachelor's degree in a related field and substantial employment experience (minimum two years) in the fashion industry.

<sup>1</sup> To earn the M.F.I.S. degree, each student must complete a written thesis accompanied by a visual presentation/representation that is successfully defended and approved by a committee of faculty with feedback from an industry partner. The thesis must demonstrate an innovative and pragmatic research-based solution applicable to the fashion industry.

## Graduation Requirements

- Students in the M.F.I.S. degree are required to complete 24 credit hours of graded graduate coursework and a minimum of 6 credit hours of thesis.
- Students without a fashion background may be required to complete foundational coursework, FDM 10033 and FDM 10034 concurrently during the first semester, and either FDM 30260 or FDM 30262. Students must complete these courses within the first 18 credit hours of graduate study. These undergraduate credit hours are in addition to the 30 graduate credit hours required for the M.F.I.S. degree.

## Description

The Bachelor of Science degree in Fashion Merchandising allows for students to acquire a thorough background in the business aspects of the fashion industry, whereby they develop competencies in fashion theory, retail operations, management and buying, fashion forecasting and promotion, the merchandising for apparel manufacturing and the development and marketing of fashion goods.

Students participate in a study abroad/away experience, which includes opportunities to study for a semester in New York City and Florence, Italy, as well as through collaborative partnership programs with the Paris American Academy, Hong Kong Polytechnic University and Regent's University in London.

In addition, students in the Fashion Merchandising major have the opportunity to enroll in the combined degree program with the Master of Business Administration degree. The combined B.S./M.B.A. degree program allows high-achieving undergraduate students early admission into graduate school. Students enrolled in the combined degree program will complete a maximum of 12 credit hours of graduate-level coursework for the M.B.A. degree during their senior year. This allows student to accelerate their completion of the M.B.A degree after being awarded their undergraduate degree. Students complete a minimum of 150 credit hours (120 representing the B.S. degree in Fashion Merchandising and at least an additional 30 representing the M.B.A. degree). To be eligible for the combined program, students must first complete a minimum of 90 credit hours in the fashion merchandising degree with at least a 3.300 overall grade point average. Upon achieving these requirements, students submit an admissions application to the M.B.A. program by the set application deadline. Students need to satisfy all requirements for the admissions application, including the GMAT exam.

### Fully Offered At:

- Kent Campus

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special

talents and adult students who graduated from high school three or more years ago.

**Freshman Students:** Admission to the Fashion Merchandising major is selective. Prospective applicants must have a minimum 3.0 overall grade point average (on a 4.0 scale); and a minimum 21 ACT composite score or a minimum 1060 SAT score.

**Transfer Students:** Admission to the Fashion Merchandising major requires a minimum 2.750 overall GPA based on minimum 24 credit hours of college-level coursework at an accredited institution. Those students meeting this GPA requirement but with fewer than 24 credit hours will be evaluated as new freshmen.

Students who do not meet the criteria for admission to the Fashion Merchandising major may be eligible for admission to the Pre-Fashion Design and Merchandising non-degree major. In addition, students who do not meet the admission criteria may initiate the process for declaring the B.S. degree in Fashion Merchandising after completing minimum 12 credit hours of non-developmental coursework at Kent State University and earning a minimum 2.750 overall GPA.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Understand the fashion industry, fashion markets, fashion products, and services
2. Demonstrate knowledge and skills of the fashion industry through reflective experiential learning.
3. Apply integration of the key knowledge of various segments of industry from fiber to finished product, products/services, consumer markets, and technology in relation to the fashion industry.
4. Articulate conceptual and critical thinking applicable to the fashion industry.
5. Employ research processes and practices employed in the fashion industry.
6. Demonstrate their professionalism and communication skills required in the fashion industry through visual, oral, and written forms.

### Description

The Master of Arts degree in Ethnomusicology is designed to offer students a solid foundation in regional studies of music style, performance practice, history and cultural associations in order to prepare students for continued graduate studies at the doctoral level and/or public sector careers in world music. The program integrates theoretical perspectives relevant to the discipline with these practical

aims, so that students can communicate effectively with persons within and outside the field of ethnomusicology. While a balanced global coverage is emphasized, Kent State music faculty focus on studies in Central Africa, mainland Southeast Asia, East Asia, the Caribbean, North and South America and the Middle East, as well as popular music studies. Theoretical concerns include sociocultural identity, semiotics, gender studies, politics and power, ritual studies, globalization and hybridity, as well as studies in inter-related arts (e.g., dance and theatre).

### Fully Offered At:

## Description

The Jazz Studies minor promotes the development of fundamental skills in jazz. The minor provides instruction in performance, composition and arranging.

**Fully Offered At:**

- Kent Campus

**Admission Requirements**

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Jazz Studies minor, students must audition to music faculty in voice or on an instrument.

**Description**

The Bachelor of Arts degree in Music gives music majors an opportunity to study music and liberal arts with an optional minor, available in most academic areas of the university, or as a dual degree program with a major in another field. Although not as music intensive as the Bachelor of Music degree, the B.A. degree includes study on a main instrument and ensemble participation throughout the program.

The Music major includes the following optional concentrations:

- The **Contemporary Popular Music** concentration provides students the opportunity to study contemporary instruments such as electric guitar, electric bass and voice, as well as participate in a variety of styles including rock, pop, Motown and other popular styles.
- The **Jazz Studies** concentration provides students the opportunity to study jazz improvisation, arranging and composing.

**Fully Offered At:**

- Kent Campus
- Stark Campus (Contemporary Popular Music concentration only)

**Accreditation**

National Association of Schools of Music.

**Admission Requirements**

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Students must audition before being admitted to the Music major. Inquiries can be directed to the coordinator of admissions and scholarships, School of Music, E-101 Music and Speech, Kent State University, Kent, OH 44242-0001 (or call 330-672-2172).

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

**English Language Proficiency Requirements for International Students:**

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Program Learning Outcomes**

Graduates of this program will be able to:

1. Demonstrate knowledge of music history and theory
2. Demonstrate high-level skills in recitals, ensembles or music research

## Description

The Bachelor of Music degree in Music is a professional degree. The primary emphasis is on the development of the skills, concepts and sensitivity essential for those wishing to pursue music as a profession.

The Music major comprises the following concentrations:

- The **Composition** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to compose and use technology in a variety of musical styles.
- The **Instrumental Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, in chamber music and in large ensembles. This program is available on the following instruments: violin, viola, violoncello, double bass, flute, oboe, clarinet, bassoon, saxophone, trumpet, horn, trombone, euphonium, tuba and percussion.
- The **Piano Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, as an accompanist, in chamber music and in large ensembles.
- The **Voice Performance** concentration provides preparation for graduate study in the field, a credential for private instruction and the ability to perform as a soloist, in opera, in chamber music and in large ensembles.

### Fully Offered At:

- Kent Campus

## Accreditation

The B.M. degree in Music is accredited by the National Association of Schools of Music.

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Students must audition before being admitted to the Music major. Inquiries can be directed to the coordinator of admissions and scholarships, School of Music, E-101 Music and Speech, Kent State University, Kent, OH 44242-0001 (or call 330-672-2172).

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of these programs will be able to:

1. Demonstrate knowledge of music history and theory
2. Demonstrate beginning professional skills in recitals

## University Requirements

## Description

The Music minor provides a basic understanding of music literature, theory and performance. Study on voice or selected instruments is available to students in other fields who desire private instruction in addition to ensemble participation.

### Fully Offered At:

- Kent Campus
- Stark Campus

## Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

To declare the Music minor, students must complete theory placement test and audition in piano, voice or on a traditional orchestral/band instrument.

## Description

The Master of Arts degree in Music Composition is designed to advance the music composition creative skills of advanced students and to prepare them for admission to doctoral study. The program emphasizes mastery of composition of large-scale works for media, including orchestra, choir, band and/or chamber music ensembles. Based on a solid undergraduate music degree, the M.A. degree further develops abilities in music theory, including analytical, aural, written, keyboard and pedagogical skills. The program further develops breadth and depth in the area of Western music history and literature.

## Fully Offered At:

- Kent Campus

## Accreditation

National Association of Schools of Music

## Admission Requirements

- Bachelor's degree from an accredited college or university for unconditional admission
- Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission
- Official transcripts(s)
- Résumé
- Goal statement(s)
- Portfolio of original compositions
- Three letters of recommendation
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 525 TOEFL PBT score (paper-based version)
  - Minimum 71 TOEFL IBT score (Internet-based version)
  - Minimum 74 MELAB score
  - Minimum 6.0 IELTS score
  - Minimum 50 PTE score
  - Minimum 100 Duolingo test score

For more information about graduate admissions, please visit the Graduate Studies admission website. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

1. Compile a body of completed compositions.
2. Demonstrate and apply compositional techniques for creation of new works including musical style and structure.
3. Analyze music from a wide range of styles and style periods and communicate results in written and oral formats.
4. Recognize, identify and analyze representative literature from different historical periods, countries and composers.
5. Communicate knowledge of composition, theory and other aspects of music as would be done in classroom and private teaching.

### Description

The Bachelor of Music degree in Music Education prepares students for Ohio licensure to teach music in grades K-12 in choral general and instrumental music. The program includes studies in jazz, folk, musical

theatre, world music and music technology, while providing a strong grounding in Western art music history, theory and performance.

The Music Education major comprises the following concentrations:

- Choral General
- Instrumental

### Fully Offered At:

- Kent Campus

### Accreditation

The B.M. degree in Music Education is accredited by the National Association of Schools of Music.

### Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Students must audition before being admitted to the Music major. Inquiries can be directed to the coordinator of admissions and scholarships, School of Music, E-101 Music and Speech, Kent State University, Kent, OH 44242-0001 (or call 330-672-2172).

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

### Program Learning Outcomes

Graduates of the program will be able to:

- Successfully meet all requirements for state licensure.

- Applied music (7 semesters and 14 total credits: 4 semesters and 8 credits at 36000 level, 3 semesters and 6 credits at 46000 level) based on instrument of acceptance into the music education major. The 46000 level can be taken following a successful 46000 level barrier exam. The Choral General Concentration is for guitar, voice and piano principals. Piano and guitar principals with significant instrumental background may elect the Instrumental Concentration with the approval of the Coordinator of Music Education. All other students use the Instrumental Concentration.
- Major ensemble (7 separate semesters): Students must enroll in a major ensemble appropriate to their major performance area. Students in the Choral General concentration should choose choral based courses, students in Instrumental concentration should choose the instrument based courses. Guitar principals may elect MUS 45231 or MUS 45312 for a total of two semesters to replace major ensembles.
- All courses in the Kent Core Composition must be completed with a minimum C grade.

<sup>1</sup> With the capstone project, students complete a 12-week, individual research investigation comparable to a master's thesis. Under the supervision of a capstone advisor, students synthesize knowledge through the development of a curricular project applicable to the student's specific area of teaching. A prescribed description outlines requirements, goals, objectives, procedures and assessment. Activities include student reading-research-writing, preparation of a project outline and drafts, regular interaction with a research mentor and evaluation of conclusions for the final submission. The project's goal is to support students to critically analyze and improve their own music teaching and learning skills in classroom settings. The project is reviewed and evaluated by a graduate committee of music education faculty.

- <sup>1</sup> Students may also select other courses in the School of Music with advisor approval. If students select classes with fewer than 3 credit hours, they must still meet the 6 credit hours for musical literacy category.
- <sup>2</sup> Upon successful completion of the candidacy examination, students take a dissertation topic from the proposal stage through approval, writing, submission and an oral defense process with a faculty committee comprised of the music education advisor, one additional music education faculty member, one representative from music education or education, a member from another music discipline area or education and an appointed graduate faculty representative. Each doctoral candidate, upon admission to candidacy, must register for MUS 88199 for a total of 30 credit hours. It is expected that a doctoral candidate will continuously register for Dissertation I, and thereafter MUS 88299, each semester, until all requirements for the degree have been met.

## Residency Requirements

Student must complete a residency requirement of minimum 9 credit hours each year until qualifying exams.

## Candidacy Requirements

For the Ph.D. a comprehensive, qualifying, candidacy examination is taken when the student has substantially completed his/her coursework and has received the consent of the advisor committee to attempt the examination. The examination includes an extensive written section consisting of proctored and non-proctored questions, and an oral section taken before a faculty committee. Material for both written and oral sections is drawn from the coursework taken during the degree program, current professional research literature, and current topics in music education. Students who fail the candidacy examination two times will be dismissed from the doctoral program.

## Description

The Bachelor of Science degree in Music Technology prepares students as musicians within a broad field of constantly changing technology. Students study in courses that will develop expertise in music computer technology for application in the recording industry, audio-engineering and music production.

The development of music technology has had an enormous impact on the music industry. There are many career opportunities for talented musicians in music technology. Skilled musicians can apply formal training to recording careers, studio performance, arranging or producing and live performances. Opportunities are also available in non-traditional, contemporary popular music venues, the movie industry, television, multi-

media events, and music for advertising as well as traditional performing arts venues. The growth of music technology has made knowledge and experience in this area a necessity for all students preparing for a career in any area of the music industry. To compete effectively in the contemporary music world, one must possess a strong traditional music background, plus the technical expertise required to make the most of a rapidly changing and developing technology.

The Music Technology major comprises the following concentrations:

- The **Audio Recording** concentration provides students the opportunity to learn advanced audio recording techniques.
- The **Music Production** concentration provides students the opportunity to learn how to use technology to realize creative work such as original music, arranging and production.

## Fully Offered At:

- Stark Campus

## Accreditation

The B.S. degree in Music Technology is accredited by the National Association of Schools of Music.

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. To be admitted to the Music Technology major, students on their primary instrument and complete theory and keyboard placement tests.

For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen and the admissions website for transfer, transitioning and former students.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Function as competent and versatile professional studio musicians who perform in diverse commercial music venues
2. Compose and arrange music
3. Create appropriate sound for visual media
4. Create music productions of professional quality
5. Produce professional audio recordings, both live and in studio, from start to finish

<sup>1</sup> A minimum C grade must be earned to fulfill the writing-intensive requirement.

<sup>2</sup> Major ensemble (8 separate semesters): All music technology majors must enroll in an ensemble appropriate to their major performance area. Two credit hours must be taken in major ensemble. Major ensemble credit can be earned for MUS 25011 and MUS 25225, as approved by faculty. Students may choose to complete the remaining 6 credit hours with MUS 35213, or 4 credit hours with MUS 35213 or major ensemble and 2 credit hours with ensemble electives (such as MUS 45231 and MUS 25311 for students whose instrument is guitar) as approved by faculty.

<sup>3</sup> Applied Studio Musicianship and Applied Music (6 semesters and 12 credit hours): Students must take at least 4 credit hours at 2 credits per semester of Applied Music (MUS 26xxx or MUS 36xxx) and meet Applied Music 36000 entry-level. Students may complete the other 8 credit hours by taking either Applied Music (MUS 36111-MUS 36912) or Applied Studio Musicianship (ASM) to meet graduation requirements. Students must also meet the 46000-entry-level requirement in either Applied Music or in Applied Studio Musicianship for graduation.

<sup>4</sup> Students who enter at the 36000 level need 2 semesters and 4 credit hours of MUS 36xxx Applied Music and 4 semesters and 8 credit hours of either MUS 36xxx Applied Music or Applied Studio Musicianship and the 46000 threshold.

<sup>5</sup> Students register for MUS 36913 for all other popular music instruments not listed.

<sup>6</sup> Electric Guitar and Electric Bass students, based upon the audition, can be placed in either MUS 16914 or MUS 16915. Upon successful completion of two semesters of MUS 16914/MUS 16915 students continue with applied study as indicated in footnote 3.

<sup>7</sup> Students who have completed the Applied Studio Musicianship and Applied Music requirement on piano may replace requirement with music (MUS) electives.

schoolofmusic@kent.edu

www.kent.edu/music

## Description

The Music Technology minor is designed to give students a strong foundation in the rapidly developing field of music production and audio recording technologies. Coupled with courses in applied music, the minor provides students with the necessary tools to be successful in studio equipment, techniques and standards.

## Fully Offered At:

- Stark Campus

## Admission Requirements

Admission to a minor is open to students declared in a bachelor's degree, the A.A.B. or A.A.S. degree or the A.T.S. degree (not Individualized Program major). Students declared only in the A.A. or A.S. degree or the A.T.S. degree in Individualized Program may not declare a minor. Students may not pursue a minor and a major in the same discipline.

## Professional Experience Evaluation

Students have the potential to earn a maximum 16 credit hours for their professional experience toward the degree. Program faculty will determine the acceptability of professional experience submitted and calculate the number of credit hours that can be earned. While applicant's creative activities may encompass more than 16 credit hours, a maximum of 16 credit hours may be applied to the plan of study.

The professional experience will be evaluated and awarded through THEA 61098 as the candidate matriculates through the degree program.

Documentation to be submitted in support of returning professional qualification includes the following:

1. Copy of the contract(s) from a production company or theatre company
2. Theatrical playbills or programs which contain the applicant's name and role
3. Evidence of reviews and promotional materials
4. Awards, nominations and or certification documents
5. Written explanation of the professional experience presented, and its influence on current professional and educational endeavors

The documentation will be evaluated and approved by the acting area faculty, and the candidate will be notified of returning professional credit.

## Description

The Bachelor of Arts degree in Dance Studies allows students who have previous dance experience and a strong interest in another subject area, within or outside of the arts, the opportunity to combine the two into one degree option. The curriculum provides students with a solid foundation in dance techniques and dance academics while allowing flexibility to incorporate another area or minor.

The B.A. degree program encourages exploration of areas that can be combined with dance to enhance opportunities for future employment.

## Description

The Bachelor of Fine Arts degree in Musical Theatre prepares students for life as working artists in the musical theatre field. Practical training and creative experiences are coupled with an interdisciplinary liberal arts curriculum and a foundation in theatre history, analysis and criticism.

Students will be able to study and perform in the school's theatrical and dance productions. Kent State's Center for the Performing Arts houses three theatres, performance and rehearsal spaces, costume shop and laboratories for costumes, drafting, lighting and scenery. In addition, the School of Theatre and Dance oversees the outdoor venue Porthouse Theatre.

Students in their senior year may participate in the annual New York City Musical Theatre Showcase, which enables students to perform for prospective casting directors, talent managers and theatrical and commercial agents.

### Fully Offered At:

- Kent Campus

## Accreditation

National Association of Schools of Theatre (NAST).

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Admission to this major is selective. Applicants must pass an audition in each of the three performance areas—dance, singing and acting—to be admitted. Students who pass the audition will be admitted directly

into the major in the first semester of their first year at Kent State. In exceptional cases, students may be admitted to the program in the second semester of their first year.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE Academic score, or by completing the ELS level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate proficiencies that are equal to entry-level positions in the profession or as expected for admission into the Master of Fine Arts degree as a singer, actor and/or dancer.
2. Demonstrate and articulate proficiency and understanding in and of music performance and theory, basic dance performance and technique and acting and acting theory/systems.
3. Demonstrate understanding of how acting and storytelling are the foundation of all three interrelated areas of performance (acting, singing and dance).
4. Demonstrate correct and aesthetically pleasing technique in movement and dance.
5. Demonstrate and articulate correct and aesthetically pleasing technique in the execution of vocal performance, sight-singing, musicianship and music theory.
6. Demonstrate and articulate correct and aesthetically pleasing technique in acting and acting theory/systems.
7. Perform in workshops and full productions of musical theatre in a variety of formal and informal settings.
8. Develop substantial and appropriate audition repertoire.
9. Demonstrate proficiency in audition technique.
10. Demonstrate professional behavior in respect for the craft.

## Description

The Master of Fine Arts degree in Theatre Design and Technology is a terminal degree designed for those who are interested in achieving the artistry and skills necessary to qualify as practicing professionals in the entertainment industry and/or professional theatre educators. The program is a three-year course of study with a flexible curriculum for students to explore areas of special interest.

The Theatre Design and Technology major comprises the following concentrations:

- The **Costume Design and Technology** concentration prepares students for careers in the entertainment industry, professional theatre or theatre education. Students study both design and technology, including related areas such as dye techniques, costume crafts and wigs and makeup. Students also design costumes for main-stage departmental productions. The curriculum includes core classes in theatre history, dramatic theory and historical periods.
- The **Lighting Design** concentration balances instruction and experience in lighting design with instruction and experience in lighting technology. Studies include digital rendering, CAD, lighting technology and automated lighting. Students research and study all of aspects of theatrical lighting, including the design process from concept to execution, communication skills, integration of technology into design, documentation of the work and critical evaluation of the work.
- The **Scene Design** concentration balances focused classroom instruction with practical design and production experience. Students also study related artisan areas such as digital and traditional rendering techniques, 3D CAD, props, fabrication, scene painting and presentation techniques with particular emphasis on integrating contemporary digital techniques into the design process. The curriculum contains courses in construction theory, rigging, costume crafts and projection/media design.
- The **Technical Direction** concentration provides students with training and practical experiences in planning main stage productions for the School of Theatre and Dance. Studies focus on safety and all logistics of production assembly, including touring and dance. Technical directors have the opportunity work in four very different theatre spaces: black box, large proscenium, thrust and open outdoor.

**Fully Offered At:**

- Kent Campus

**Accreditation**

National Association of Schools of Theatre

**Admission Requirements**

- Bachelor's degree from an accredited college or university for unconditional admission
- Minimum 3.000 undergraduate GPA on a 4.000 point scale for unconditional admission
- Official transcript(s)
- Résumé
- Goal statement
- Three letters of recommendation
- Portfolio review
- Interview
- English language proficiency - all international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning one of the following:
  - Minimum 525 TOEFL PBT score (paper-based version)
  - Minimum 71 TOEFL IBT score (Internet-based version)
  - Minimum 74 MELAB score
  - Minimum 6.0 IELTS score
  - Minimum 50 PTE score
  - Minimum 100 Duolingo test score

For more information about graduate admissions, please visit the Graduate Studies website. For more information on international admission, visit the Office of Global Education website.

**Program Learning Outcomes**

Graduates of this program will be able to:

1. Acquire creative and technical ability to develop the design of a production from concept to finished product.
2. Acquire advanced abilities in the unification of all design elements used in professional production.
3. Understand analytical or academically oriented theatre studies in areas related to and supportive of the work in the major field such as history, theory, dramatic literature and performance studies.
4. Understand information resources associated with theatrical design and production.
5. Produce full working drawings for mounted productions.
6. Analyze text, music and dance and the ways that historical, critical and theoretical content inform playwriting, acting, directing and design.
7. Communicate ideas clearly and effectively to the theatre community, production teams and the public.
8. Know the history of their area of specialization and have the ability to integrate that history into production design.
9. Know current technology, tools and methods in their area of specialization and have the ability to integrate technology into production design.
10. Know health and safety practices associated with theatre production.

11. Communicate and navigate effectively within the field of professional theatrical production design.
12. Demonstrate an understanding of professional ethics and practice.

## Progression Requirements

Students must pass semester reviews and are expected to participate in at least one main-stage production each semester, which may be in addition to any production design assignment.

## Graduation Requirements

The culminating project requirements include documentation, portfolio presentation and an exit interview. Documentation consists of a design analysis, process journal, relevant research and other supporting materials (e.g., photos, links to the candidate's website). The scope of work may include, but not necessarily be limited to, evidence of research, drawing and drafting, rendering and associated digital image, video or audio files, which will be presented at an exit interview. The topic of each M.F.A. candidate's culminating project will be proposed by the candidate and based on faculty feedback from yearly portfolio and academic assessments. The student will register for THEA 61310 for the student's project assignment. The process is then documented in a format appropriate for the project and presented to the faculty advisor.

## Description

The Bachelor of Fine Arts degree in Theatre Design, Technology and Production fosters the artistic development of theatre designers, technicians and artisans. Students study both traditional theatre practices and new methods, materials and technologies. Students must demonstrate continued progress through annual portfolio reviews, course work and production responsibilities. In addition, students are expected to complete a significant production assignment each semester.

Students will be able to apply design and technology concepts for the school's theatrical and dance productions. Kent State's Center for the Performing Arts houses three theatres, performance and rehearsal space, a scene shop, a costume shop and laboratories for costumes, drafting, lighting and scenery. In addition, the School of Theatre and Dance oversees the outdoor venue Porthouse Theatre.

The B.F.A. degree program prepares students for M.F.A. degree study, as well as such occupations as scenic designer, costume designer, lighting designer, sound/projection designer, prop master, scenic artist, stage manager, production manager, wardrobe supervisor, technical director and stage technicians.

## Accreditation

National Association of Schools of Theatre (NAST)

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

### English Language Proficiency Requirements for International Students:

All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Demonstrate ability to conceptualize and realize a design aesthetic consistent with the overall artistic concepts of a production.
2. Demonstrate ability to understand and articulate basic elements and principles of design theory.
3. Demonstrate ability to understand and articulate basic elements and principles of composition related to line, shape, color, texture and sound.
4. Demonstrate an understanding of the aesthetic use of color.
5. Demonstrate understanding of aesthetic use of sound.
6. Demonstrate ability to communicate design ideas and realities to other personnel involved in the production, including directors, other designers, stage managers and actors.
7. Demonstrate ability to produce and communicate design ideas with freehand drawings.

8. Demonstrate ability to provide formalized, accurate production models and drawings by hand and/or through the use of current industry standard software programs.
9. Demonstrate fundamental knowledge of the total design process, including the progression of raw materials through multiple design 'shops' and the roles that various craftspeople play in the creation of a finished product.
10. Acquire knowledge of federal, state and local health and safety codes, best practices and industry standards as they relate to theatrical venues and production elements.
11. Prepare and present a professional resume and a portfolio of design- and technology-related work that demonstrate one's abilities, strengths, processes and experiences.
12. Acquire experiences in the design/technology aspects of theatre in a variety of formal and informal settings.

## University Requirements

All students in a bachelor's degree program at Kent State University must complete the following university requirements for graduation.

**NOTE:** University requirements may be fulfilled in this program by specific course requirements. Please see Program Requirements for details.

Destination Kent State: First Year Experience	1
Course is not required for students with 25 transfer credits, excluding College Credit Plus, or age 21+ at time of admission.	
Diversity Domestic/Global (DIVD/DIVG)	2 courses
Students must successfully complete one domestic and one global course, of which one must be from the Kent Core.	
Experiential Learning Requirement (ELR)	varies
Students must successfully complete one course or approved experience.	
Kent Core (see table below)	36-37
Writing-Intensive Course (WIC)	1 course
Students must earn a minimum C grade in the course.	
Upper-Division Requirement	39 (or 42)
Students must successfully complete 39 upper-division (numbered 30000 to 49999) credit hours to graduate. Students in a B.A. and/or B.S. degree in the College of Arts and Sciences must complete 42 upper-division credit hours.	
Total Credit Hour Requirement	120
Some bachelor's degrees require students to complete more than 120 credit hours.

## Description

The Bachelor of Arts degree in Theatre Studies gives students an opportunity for study in all aspects of theatre and its relationship to other liberal arts studies. This program serves students who seek a wider range of possibilities to fulfill individual creative goals, whether as theatre artists, scholars, educators and/or contributors in related fields. Students receive thorough grounding in theatre history and theory and learn imaginative and critical thinking, the process of making theatre, and leadership skills.

The Theatre Studies major comprises the following concentrations:

- Performance
- Production
- Theatre Management
- Theatre and Society

### Fully Offered At:

- Kent Campus
- Trumbull Campus (Theatre and Society concentration only)

## Accreditation

The B.A. degree in Theatre Studies is accredited by the National Association of Schools of Theatre (NAST).

## Admission Requirements

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions, including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

## Program Learning Outcomes

Graduates of this program will be able to:

1. Understand procedures and approaches for realizing a variety of theatrical styles and techniques.
2. Understand the playwriting and production processes, aesthetic properties of style, and the way these shape and are shaped by artistic and cultural forces.

- Develop intermediate to advanced competence in one or more theatre specializations in creation, performance or scholarship.
- Become acquainted with a diverse selection of theatre repertory, including the principal eras, genres and cultural sources.
- Understand the basic process involved in mounting a theatre production through both verbal and written articulation of ideas and vocabulary, as well as in actual practice.
- Form and defend value judgments about theatre.
- Know common theatrical elements and the interaction of those elements through both written and practicum work.
- Think conceptually and critically about text, performance and production.

students are, therefore, encouraged to select courses that provide an understanding of the arts, humanities and sciences.

## Honors Advising

Students meet with their Honors College advisors at least once per semester. During advising meetings, students are encouraged to develop long-range plans to organize their academic work and co-curricular experiences in accordance with their interests and career aspirations.

## Community

The Stopher-Johnson complex is located at the center of campus. Honors student living there have the best of worlds - a nurturing and stimulating experience with other Honors students as well as convenient access to the surrounding Kent State campus community.

The Honors complex includes the three-story Johnson and Stopher Residence Halls, a library/computer room, a reception lobby and advising offices. Students live just steps from the Honors College dean and its academic advisors.

Student involvement in the affairs of the college is a tradition. For example, Honors students are eligible to serve on the Honors College Policy Council (HOCOPOCO).

## Description

The mission of the Honors College is to provide an enriched educational experience for academically motivated and talented students at Kent State University. Both in and out of the classroom, the college's learning environment provides students with opportunities to interact and share ideas with other bright, motivated students and mentoring professors.

Founded in 1933, the Honors College is at the center of Kent State University's tradition of providing special attention to undergraduates with outstanding intellectual and creative ability. Within the framework of the larger university, with its diverse academic programs and excellent research and library facilities, the Honors College offers students enriched and challenging courses and programs, opportunities for close relationships with their peers and faculty, and careful advising to meet their interests and goals.

## Scholarships

All new freshman who are admitted to the Honors College will automatically be considered for an Honors College scholarship award. Honors College scholarships are renewable for maximum eight semesters of undergraduate work, provided students remain in good standing with the Honors College. These scholarships are in addition to university awards.

## The Honors Concept

The Honors College is guided by two basic principles:

- The first is a responsibility to provide academic work that offers intellectual challenge to the best students in the university and demands of them the best effort of which they are capable. To this end, courses are designed to stretch the mind, sharpen skills and encourage high standards of performance.
- The second principle is a belief that, regardless of degree program, students should be liberally educated. That is, they should understand and appreciate the language, literature and history of our culture; the social, political and economic structure of our society; the creative achievements that enrich our lives; and the basic assumptions and substance of the natural sciences. Honors

## Admission Requirements

The Honors College recruits incoming students who demonstrate the potential for superior academic and creative ability at Kent State University. Admission to the Honors College for new freshman is by invitation only. In addition to the Kent State undergraduate admission application, admission to the college requires an excellent high school grade point average, strong scores on the ACT or SAT and completion of a supplemental application, which includes an essay.

## Honors Work

Honors courses can be used to meet requirements in all degree granting colleges and schools of the university and to also satisfy Kent Core requirements. All honors freshmen are enrolled in the year-long Freshman Honors Colloquium. The colloquium is designed to be a rigorous course in reading, thinking and writing about literature and ideas. The goal of the course is to develop habits of intellectual inquiry, mature understanding and effective communication that will serve the students through the college years and afterward.

Beyond the freshmen colloquium, many Honors courses are offered by distinguished faculty from academic departments throughout the university. Although these courses differ significantly in content, from art to zoology, they share a common form. Class enrollments are small, and students can get to know each other and their professors in an environment that encourages learning through discussion, reading, individual work and writing.

Seniors in the Honors College can conclude their undergraduate careers by completing a sustained scholarly or creative project under faculty guidance. Theses and projects have been submitted by seniors from all of the degree-granting colleges and schools at Kent State University and have ranged over many disciplines and areas of creative endeavor. Novels and plays have been written; research has been undertaken in the natural and social sciences; historical events and periods have been critically analyzed; architectural models have been proposed for urban renewal sites; and paintings and films have been created and exhibited. Each thesis/project attests to the willingness of Honors students to extend

learning beyond the classroom to self-directed efforts appropriate to the conclusion of an enriched program of study.

## Graduation from the Honors College

The college offers three programs for Graduation with Honors. Although each has minimum cumulative GPA requirements, the primary emphasis is on the successful completion of an undergraduate degree program, including a Senior Honors Thesis or Project.

- Graduation with Departmental Honors requires completion of a Senior Honors Thesis or Project and a minimum 3.5 cumulative GPA. The requirements are sufficiently flexible to enable undergraduates who join the college in their junior year to participate in this program.
- Graduation with General Honors requires completion of a Senior Honors Thesis or Project plus 24 Honors College credit hours and a minimum 3.5 cumulative GPA.
- Graduation with University Honors requires completion of a Senior Honors Thesis or Project plus 24 Honors College credit hours and a minimum 3.8 cumulative GPA.

Students who do not wish to complete a Senior Honors Thesis or Project to graduate with Honors may alternatively finish 24 Honors College credit hours and achieve a minimum 3.25 cumulative GPA to graduate from the university as Honors College Scholars.

## Design Innovation (DI)

### DI 10010 SURVEY OF DESIGN INNOVATION NODES 3 Credit Hours

Develop awareness and actively utilize the wide array of shared-resource laboratories and environments across Kent State University's eight campus system that are connected as part of the Design Innovation (DI) Ecosystem. Explore the context of maker-communities, emerging technologies and social innovation resources while working in collaborative cross-disciplinary teams to tackle projects that intentionally connect the capabilities of multiple DI Nodes.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

### DI 20020 BE SMARTER THAN YOUR SMARTPHONE 3 Credit Hours

This course uses the development of the smart phone to illustrate the multi-disciplinary nature of design and innovation. It provides an understanding of the technologies that make the smartphone possible. Specifically, the course covers the role of research and design in product development, the changed in patterns and nature of our communications through smartphones, and the implications for businesses, markets and society. The aim of this course is to introduce the multidisciplinary nature of innovation using the smartphone as an example. It presents the complexities, challenges, and opportunities that the smartphone has created.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

### DI 20100 INTRODUCTION TO DESIGN INNOVATION 3 Credit Hours

This course blends analytical skills, intuition and creative thinking to develop practical solutions to real world problems. Gain a high-level understanding of the design process through team-based projects tackling challenges. Design thinking, methods and strategies offer novel ways to discover market opportunities, experiment to validate concepts and mitigate risk, and deliver value to all. This will be a reflective lecture and small project-based course that addresses the programmatic, technical, business, social and human factors of design in a way that leads to innovation(s) in the development of integrated solutions. Learn how to engage with end users, effectively frame problems, identify potential solutions, build prototypes to test assumptions and learn what works (and doesn't). Then dive into a range of ways large and small to bring design innovation into your daily life.

**Prerequisite:** None.

**Schedule Type:** Laboratory, Lecture, Combined Lecture and Lab

**Contact Hours:** 2 lecture, 3 lab

**Grade Mode:** Standard Letter

### DI 30100 CHALLENGE-BASED INNOVATION 3 Credit Hours

(Repeatable for credit) Challenge-Based Innovation (CBI) is a project and problem-based learning course, where multidisciplinary student teams and their instructors collaborate with faculty researchers, community and industry partners to discover novel solutions for the future of humankind. The projects are an elaborate mixture, proposed by cross-disciplinary faculty teams and derived from using research to tackle messy or complex problems to meet societal, human-driven needs. The multidisciplinary student teams act as catalysts in creating novel solutions to pressing problems.

**Prerequisite:** DI 20100.

**Schedule Type:** Laboratory, Lecture, Combined Lecture and Lab

**Contact Hours:** 2 lecture, 3 lab

**Grade Mode:** Standard Letter

### DI 49095 SPECIAL TOPICS IN DESIGN INNOVATION STUDIO 1-6 Credit Hours

(Repeatable for credit) Analysis and cross-disciplinary problem-solving of significant and current issues in design innovation not covered in existing design innovation courses. This studio course is offered when opportunities and resources permit; the topic is announced when the course is scheduled.

**Prerequisite:** DI 20100.

**Schedule Type:** Studio

**Contact Hours:** 2-6 other

**Grade Mode:** Standard Letter

### DI 49900 DESIGN INNOVATION WORKSHOP 1-4 Credit Hours

This course supports brief, intensive and interactive activities that address a narrowly defined range of problems in which the content is practical and concentrates on the acquisition of specific information and skills related to practices in design innovation. The variable credit format allows for intensive challenges that might occur in short periods, and that it might be focused on a single problem.

**Prerequisite:** DI 20100.

**Schedule Type:** Workshop

**Contact Hours:** 1-4 other

**Grade Mode:** Satisfactory/Unsatisfactory

**DI 49995 SPECIAL TOPICS IN DESIGN INNOVATION 1-3 Credit Hours**  
(Repeatable for credit) Analysis and cross-disciplinary problem-solving of significant and current issues in design innovation not covered in existing design innovation courses. This course is offered when opportunities and resources permit; the topic is announced when the course is scheduled.

**Prerequisite:** DI 20100.

**Schedule Type:** Lecture

**Contact Hours:** 1-3 lecture

**Grade Mode:** Standard Letter

**DI 49999 DESIGN INNOVATION GRAND CHALLENGES STUDIO PROJECT (ELR) 3 Credit Hours**

A cross disciplinary project-based capstone course that collaboratively focuses on a single grand challenge. Challenges range from those identified by Grand Challenges.org, "solving global health and development problems for those most in need" to one of the "Grand Challenges for Engineering", to one from the list regularly updated by the National Science Foundation, to a pressing challenge identified by the faculty. Taught by a multidisciplinary team of primary instructors with input from industry leaders with complementary expertise, the collaborative effort of students, faculty members, industry partners and/or community leaders, focuses on developing robust multi-perspective, actionable solutions considering multiple criteria including but not limited to technical, socio-cultural and economic dimensions. Outcomes range from early designs, to physical prototypes or policy solutions with an understanding of how to take them to a next phase. Travel component may be included.

**Prerequisite:** DI 20100 and DI 30100.

**Schedule Type:** Project or Capstone

**Contact Hours:** 6 other

**Grade Mode:** Standard Letter

**Attributes:** Experiential Learning Requirement

## Honors (HONR)

**HONR 10096 INDIVIDUAL HONORS WORK 1-4 Credit Hours**

(Repeatable for credit) Directed independent study for freshmen in any department.

**Prerequisite:** Special approval of department.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 10197 FRESHMAN HONORS COLLOQUIUM I (KCMP) 1-4 Credit Hours**

(Repeatable for credit) Required of all honors freshmen in lieu of College Writing. Stresses exploration, discussion and communication of ideas expressed in works related to theme of colloquium.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**Attributes:** Kent Core Composition

**HONR 10297 FRESHMAN HONORS COLLOQUIUM II (KCMP) 1-4 Credit Hours**

(Repeatable for credit) Continuation of HONR 10197.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**Attributes:** Kent Core Composition

**HONR 13597 COLLOQUIUM: THE WESTERN IDENTITY (KADL) 3 Credit Hours**

(Repeatable for credit) Focuses on Western and non-Western cultures from a comparative perspective, in order to identify both different and shared values and to see how one's own culture shapes one's perspective, ideology, and values.

**Prerequisite:** Admitted to the Honors College; and special approval.

**Schedule Type:** Colloquium

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**Attributes:** Kent Core Additional

**HONR 20096 INDIVIDUAL HONORS WORK 1-4 Credit Hours**

(Repeatable for credit) Directed independent study for sophomores in any department.

**Prerequisite:** Special approval of the department.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 20197 SOPHOMORE COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to a single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 20297 SOPHOMORE COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to a single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 30096 INDIVIDUAL HONORS WORK 1-4 Credit Hours**

(Repeatable for credit) Directed independent study for juniors in any department.

**Prerequisite:** Special approval of department.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 30197 JUNIOR COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence for juniors or seniors exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 30297 JUNIOR COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence for juniors or seniors exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 40085 SENIOR HONORS PORTFOLIO 1 Credit Hour**

Construction of a senior portfolio, consisting of a collection of artifacts and a reflective essay interpreting the student's growth during the college years.

**Prerequisite:** Senior standing.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1 other

**Grade Mode:** Standard Letter-IP

**HONR 40096 INDIVIDUAL HONORS WORK 1-4 Credit Hours**

(Repeatable for credit) Directed independent study for seniors in any department.

**Prerequisite:** Prior special approval of instructor; and special approval of and preregistration with Honors College.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 40099 SENIOR HONORS THESIS/PROJECT (ELR) 1-10 Credit Hours**

(Repeatable for credit) Thesis or creative project.

**Prerequisite:** Special approval of department.

**Schedule Type:** Senior Project/Honors Thesis

**Contact Hours:** 1-10 other

**Grade Mode:** Standard Letter-IP

**Attributes:** Experiential Learning Requirement

**HONR 40197 SENIOR COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 1-4 other

**Grade Mode:** Standard Letter-IP

**HONR 40297 SENIOR COLLOQUIUM 1-4 Credit Hours**

(Repeatable for credit) One-semester course or two-semester sequence exploring interdisciplinary ideas and issues related to single theme, by means of readings, discussion and individual papers and projects.

**Prerequisite:** Admitted to the Honors College.

**Schedule Type:** Colloquium

**Contact Hours:** 3 other

**Grade Mode:** Standard Letter-IP

**Schedule Type:** Lecture

**Contact Hours:** 0 lecture

**Grade Mode:** Transfer

**Attributes:** Experiential Learning Requirement

## University College (UC)

### UC 10002 ADULT STUDENT ORIENTATION 1 Credit Hour

(Equivalent to UC 10097) Course focuses on balancing adult roles and responsibilities with college demands. Students sharpen learning skills and study strategies while making connections with other adult students at Kent State.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Satisfactory/Unsatisfactory

### UC 10095 SPECIAL TOPICS IN UNIVERSITY COLLEGE 1-3 Credit Hours

(Repeatable for credit) Variable topics course that encourages interdisciplinary study to cover areas not treated adequately in traditional coursework and to make available promptly the new and significant experience of the faculty.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 1-3 lecture

**Grade Mode:** Standard Letter

### UC 10096 INDIVIDUAL INVESTIGATION 1-6 Credit Hours

(Repeatable for a maximum of 6 credit hours) Experiential learning opportunity, working with a faculty member in his or her area of expertise.

**Prerequisite:** None.

**Schedule Type:** Individual Investigation

**Contact Hours:** 1-6 other

**Grade Mode:** Standard Letter-IP

### UC 10097 DESTINATION KENT STATE: FIRST YEAR EXPERIENCE 1 Credit Hour

(Equivalent to UC 10002 or UC 20007) Course assists students in making a successful academic transition to the university through experiential or intellectually engaging discipline-based content. Required of all first-year students. Not required of transfer students with 25 or more credit hours.

**Prerequisite:** None.

**Schedule Type:** Colloquium

**Contact Hours:** 1 other

**Grade Mode:** Standard Letter

**UC 10162 INTRODUCTION TO PROFESSIONAL DEVELOPMENT 1 Credit Hour**

Course exposes students to professional skills and competencies they will need and use in the future. Students begin to develop important career ready competencies. Students learn about the art of networking and relationship building, what it means to be culturally agile, how to succinctly present themselves (elevator pitch and executive summaries), how to use career job sites and resources for career exploration and-or researching companies. Students must have satisfactorily completed UC 10097 before taking this course.

**Prerequisite:** College of business administration major.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

**UC 10177 EXPERIENTIAL LEARNING PLUS-1 CREDIT 1 Credit Hour**

(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. This course is not a stand-alone course - it must be appended to a primary course.

**Prerequisite:** Special approval.

**Schedule Type:** Field Experience, Practical Experience, Research

**Contact Hours:** 1 other

**Grade Mode:** Standard Letter

**UC 20007 LIFE BEYOND KSU 1 Credit Hour**

(Equivalent to UC 10097) Equips students with the knowledge and tools critical for entering the professional world through research and application of career-related concepts and activities. Reserved for students who have not successfully completed the Destination Kent State: First Year Experience orientation course.

**Prerequisite:** Junior or senior standing.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

**UC 20008 CAREER CONSTRUCTION 1 Credit Hour**

Course prepares students to increase their self-awareness, while equipping them to navigate a lifetime of meaningful occupational realities. Through experiential activities, discussions and reflective exercises, students gain self-understanding and connect academic opportunities to careers and specializations in career fields. Designed for students who have not yet declared a major, are evaluating a career change or are interested in finding personal meaning and mattering in occupational and life decisions.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

**UC 20009 CAREER AND LIFE PLANNING: CHANGE, CHANCE AND CHOICE 1 Credit Hour**

Navigating a career and life planning can be complex. Course is designed to equip students with knowledge and skills useful in deciding how to use opportunities to build meaningful futures and how to maintain flexibility and adaptability in the work environment. Designed for students who have not yet declared a major or are contemplating or engaged in life and career exploration or change.

**Prerequisite:** UC 20008.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

**UC 20010 CAREER NAVIGATION: CONSTRUCTING POSSIBILITIES 2 Credit Hours**

Navigating a career and life planning can be complex. Course is designed to equip students with self-awareness, knowledge and skills useful in deciding how to use opportunities to build meaningful futures and how to maintain flexibility and adaptability in the work environment. Students learn how to balance planning with uncertainty and navigate a lifetime of meaningful occupational realities. Through experiential activities, discussions and reflective exercises, students gain self-understanding and connect academic opportunities to careers and specializations in career fields. Designed for students who have not yet declare a major, are interested in finding personal meaning and mattering in occupational and life decisions or are contemplating or engaged in life and career exploration or change.

**Prerequisite:** None.

**UC 20193 VARIABLE TITLE WORKSHOP IN UNIVERSITY COLLEGE 1-3 Credit Hours**

(Repeatable for credit) Workshop focused on variable topics.

**Prerequisite:** None.

**Schedule Type:** Workshop

**Contact Hours:** 1-3 other

**Grade Mode:** Satisfactory/Unsatisfactory

**UC 20201 DESTINATION KENT STATE STUDENT LEADER TRAINING 2 Credit Hours**

Course prepares students to develop a solid foundation in Destination Kent State programs, Kent State knowledge, leadership and communication skills in order to support the Destination Kent State programs. May include Saturday sessions.

**Prerequisite:** UC 10097.

**Schedule Type:** Lecture

**Contact Hours:** 2 lecture

**Grade Mode:** Satisfactory/Unsatisfactory

**UC 20203 THEORY AND PRACTICE OF PEER TUTORING 1 Credit Hour**

Preparation for tutoring in several academic areas. Emphasis on the student as learner. Introduction to current learning theories. Opportunities provided to adapt learning strategy to particular disciplines. Field experience included.

**Prerequisite:** None.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Standard Letter

**UC 20277 EXPERIENTIAL LEARNING PLUS-1 CREDIT (ELR) 1 Credit Hour**

(Repeatable for maximum 2 credits) Course allows students to add experiential learning to any undergraduate course. The course involves applying the knowledge and skills developed in a course to support local initiative through civic engagement. Students consider the knowledge base of the primary course and/or discipline, and how it is applied in real practice. Reflective activities are used to challenge students to consider larger questions and the interdisciplinary nature of complex problems and solutions. **UC 31000 MCNAIR RESEARCH METHODS I 1 Credit Hour**

Introduction to research methods in the context of the McNair Scholars Program. Topics include selection of a research mentor, research ethics, finding, collecting and citing empirical sources. Registration is restricted to McNair Scholars.

**Prerequisite:** Special approval.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Satisfactory/Unsatisfactory

**UC 31001 MCNAIR RESEARCH METHODS II 1 Credit Hour**

Research methods in the context of the McNair Scholars Program. Topics include developing a question, various design and data collection approaches, writing the research paper. Registration is restricted to McNair Scholars.

**Prerequisite:** Special approval.

**Schedule Type:** Lecture

**Contact Hours:** 1 lecture

**Grade Mode:** Satisfactory/Unsatisfactory

**UC 40010 MCNAIR SCHOLARS SEMINAR I 1 Credit Hour**

McNair Scholars are required to take this course after participation in Summer Research Institute. The course provides training related to the graduate school application process. Registration is restricted to McNair Scholars.

**Prerequisite:** Special approval.

**Schedule Type:** Seminar

**Contact Hours:** 1 lecture

**Grade Mode:** Satisfactory/Unsatisfactory

**UC 40201 DESTINATION KENT STATE STUDENT LEADER TRAINING 3 Credit Hours**

Experienced student leaders for Destination Kent State selected to be trainers are required to take this course. Course provides training and skill development for assisting with training future Destination Kent State student leaders.

**Prerequisite:** UC 30202.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

**Grade Mode:** Standard Letter

**UC 40202 DESTINATION KENT STATE INTERN SEMINAR 3 Credit Hours**

Experienced student success leaders selected to be student interns are required to take this course. Course extends training and skill development for students who assume responsibility for assisting student success leaders.

**Prerequisite:** UC 30202.

**Schedule Type:** Lecture

**Contact Hours:** 3 lecture

## Cooperative Education Program

### University College

Department of Career Exploration and Development

261 Schwartz Center

Kent Campus

330-672-2360

career@kent.edu

www.kent.edu/career/co-op

## Description

Students in Kent State University's Cooperative Education Program (co-op) enhance their degree program by relating theory to practice and applying what they have learned in the classroom to real-life workplace scenarios. This process of "learning by doing" increases student motivation and employability after graduation and maximizes student growth and development. Through a co-op experience, students explore career and academic options, test career choices, increase professional skills and earn money to contribute to educational expenses. Cooperative education experiences are highly desired, selective and in the student's chosen field.

All students participating in a co-op experience must register for COOP 20092 (non-credit, offered through University College) and pay the co-op fee. Enrollment in the course is restricted by special approval, and students may only register after submission and approval of all application forms. Enrollment in the course will ensure the student is designated and reported as a full-time student and permit the student to have access to all student services and resources during the co-op semester. Students participating in a cooperative education course do not earn credit hours the semester away. As a result, students are not eligible to receive federal or state grants, student loans or institutional scholarships. However, students will be reported to their federal loan

services as enrolled full-time, allowing for student loans to remain in the in-school deferment status and therefore not enter repayment.

### Fully Offered At:

- Ashtabula
- East Liverpool
- Geauga
- Kent
- Salem
- Stark
- Trumbull
- Tuscarawas
- Twinsburg Academic Center

## Admission Requirements

- Students must have one semester as a degree-seeking student at Kent State prior to their first co-op rotation.
- Students must be enrolled as a half- or full-time student (minimum 6 credit hours) in the semester prior to enrollment in the co-op education program.
- Students must have earned a minimum 2.000 overall GPA at the time of their co-op application.
- Students must have no holds on their student's record from any source (financial, academic, conduct).
- Cooperative position must be approved and relevant to students' career direction.
- Students must have received a completed grade and have resolved any outstanding non-completed grades for previous co-op rotations.
- International students must receive work authorization prior to enrolling in each co-op rotation.

The University College will work with the student's college to assess all applicants holistically, considering their academic progress, related experience, academic and extracurricular activities, among others, to evaluate the student's likelihood of success in the program.

## Description

The Exploratory pre-major affords a tremendous opportunity for students to discover, create, and learn about themselves, majors, and careers. Students benefit from the guidance, advising and support offered in the Exploratory Advising Center. Beginning in a student's first semester, academic advisors assist students through their exploration process with a guided plan.

The Exploratory pre-major does not lead to a degree. Students must declare a degree major by the time they have earned 45 credit hours at Kent State University.

The Exploratory pre-major comprises the following interest areas.

- **Aeronautics, Applied Engineering and Technology.** Are you curious about how things work? Are you a great problem solver, have a flare for detail and organizing and an interest in green technologies that can improve the quality of life for people? Maybe you enjoy using technology to get things done or to solve problems when they arise, or you spend time playing flight simulation video games. If so, you might wish to consider careers in aviation, emerging technologies, production or manufacturing and sustainability.
  - **Biological Sciences, Health and Wellness.** Are you committed to improving the health and well-being of others? Do you like to study human behavior or want to pursue a career in nursing, nutrition, speech pathology and audiology, counseling or other health-related fields? You may want to consider a major in the area of biological sciences, health and wellness where you will learn to use the knowledge and techniques of biological and biomedical science as well as the knowledge of the helping professions to promote the maintenance of health and the prevention of illness.
  - **Business.** Are you a problem solver and good communicator? Do you like to think strategically and lead others? You may find that a major in the area of business is right for you. Learn to analyze business problems through the development of skills in accounting, finance, economics and information systems and gain an understanding of real world business problems through case studies and simulations.
  - **Communications, Journalism and Media.** If you can imagine yourself writing for a major news organization, producing television shows and movies, providing corporate training and development, designing political or health campaigns, working as a social media manager, creating advertising or public relations campaigns or working as a speech writer for CEOs or political leaders, majors in this field will appeal to you. Opportunities spanning multiple industries await you in TV, radio, film, print or electronic media, corporate communications, international business and diplomacy. Learn different aspects of communication and information theory, research, use and practice while engaging in scholarly investigations and practical applications of the elements and means of creating, managing, using and evaluating messages.
  - **Computers, Mathematics and Information Sciences.** Can you easily solve a Rubik's cube or disentanglement puzzle, figure out logic teasers or optical illusions and decrypt secret message codes? These games of strategy are good indicators that your problem-solving and critical thinking skills could be applied to the study of information and computation, as well as the new area of digital sciences. Understand the properties, uses and impact of the programs used to implement software and use that understanding to create new programs or improve existing ones.
  - **Design.** Do you enjoy the process of communicating through visual means – using illustration, photography, motion graphics or the Internet to express a concept or solve a problem? Are you intrigued by the use of lights, stage props and sound in theatre and dance productions to create unique environments? Or perhaps the environment you are interested in is one of residential and commercial spaces – the lighting, interior materials and color, signage and graphics or the very structure and form of a building. Are you admired for your sense of fashion and have an ability and interest in designing and constructing your concepts? A wide range of academic programs in design provide students with an opportunity to merge a creative life with a profession and to work individually, collaboratively or within an organization to bring value and beauty to our global community.
  - **Education and Teaching.** Can you envision yourself shaping young minds and preparing them for a successful future? Do those who know you well describe you as nurturing, patient, organized, a multi-tasker good at explaining things and somewhat conventional in your views? If these adjectives resonate with you, then you'll probably find a rewarding career as an educator. For those interested in advanced degrees in schools, schooling, education in non-school settings and leadership positions, there are opportunities to add endorsements, licenses or degrees to strengthen knowledge in teaching, learning, administration and leadership in a variety of disciplines.
  - **Government, Public Policy and Justice.** Are you able to resolve disputes? Are you committed to the pursuit of truth? If you are also a detailed problem solver, articulate communicator, and passionate about righting wrongs, you should explore majors in this area. Study the action, regulatory measures, laws, social service agency engagement, social justice and funding priorities developed by government, agencies or representatives, and use qualitative and quantitative methods to understand and assess their impact.
  - **Human Services and Social Sciences.** Do you want to make a difference in the lives of others? As long as you are resourceful, committed, empathic and empowering, you can help to change the world. Start living out your calling by providing a voice for the people who need it most.
  - **Languages, Literature and Culture.** Have you wondered about people and their roots and history? Do you enjoy languages? Study the creation, organization and use of human knowledge, belief and behavior. Investigate how the development of symbolic languages and social learning have impacted shared attitudes, values, goals and practices associated with human institutions, organizations and groups.
  - **Physical Sciences and the Environment.** If you are intrigued by the natural world and its sustainability, you may have happened upon your ideal area of study. You should be highly inquisitive, detail oriented, analytical and adventurous. Or, you may choose to prepare for scientific careers in the fascinating world of physical science, which uses experimental and quantitative methods to study, model and understand natural and physical phenomena.
  - **Sport, Recreation and Hospitality.** Do you want to be in the business of playing? Your competitive, persistent nature will serve you well on the athletic field, as well as in sports management or marketing/promotion. You may also consider the hospitality industry and event planning or community-based park and wellness facilities. The ability to plan activities, motivate and involve participants is critical.
  - **Visual and Performing Arts.** Do you find it exciting to express your ideas and emotions through art, music or dance? Are you intrigued by the process of staging productions? Do you enjoy studying the history of visual and performing arts? If you are disciplined, energetic and drawn to challenging artistic environments that demand your best, then a major in the visual and performing arts could be the right choice for you. Study at the graduate level fosters an exciting intersection between professional training and academic excellence where you are encouraged to create artistic projects that combine theory, history, criticism, pedagogy and interdisciplinary studies.
- To assist students in making informed major choices by the time they reach 45 credit hours, all Exploratory students participate in the

Exploration Plan. There are six main components of the Exploration Plan that students participate. Students will:

1. Select one of **13 areas of interest** to begin exploring. This is the first step and will be completed before the student's first semester.
2. Create a **Major Action Plan** using the results of a career readiness inventory and continuously update the plan until a major is declared.
3. Engage in the **First Year Experience** course (UC 10097), which will focus on the transition to college and utilizes a curriculum developed specifically for exploratory students, including career exploration, developing an awareness of diverse perspectives, learning about personality preferences and much more.
4. Enroll in **Coursework with Peers**, providing students with the opportunity to network with fellow peers and create study groups. Some of the courses include experiential learning components, which promote academic relevance, meaning and an understanding of real-world issues.
5. Enroll in **Career Navigation** in the student's second semester. In this course, students explore themselves, explore careers, make connections and set career-related goals. As a bonus, if students are part of EXCEL, they will take this course with other EXCEL students.
6. Participate in the **EXCEL** (EXplore, CAREers, Education, Leadership) Learning Community. EXCEL is designed to assist with major selection by guiding the student through career, education and leadership exploration. EXCEL is housed in Lake Hall for students living on campus; however, Honors College students living in honors housing and students who commute may also join in EXCEL.

Each Exploratory student is assigned an academic advisor who monitors academic progress and assists the student in choosing a degree program. Academic advisors also encourage students to take advantage of specialized advising, workshops and other university resources in developing career goals and making informed decisions. Exploratory academic advisors are housed in the Exploratory Advising Center; students have a minimum of one required meeting with an advisor each semester.

### Fully Offered At:

- Ashtabula Campus
- East Liverpool Campus
- Geauga Campus
- Kent Campus
- Salem Campus
- Stark Campus
- Trumbull Campus
- Tuscarawas Campus

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

**Freshman Students on the Kent Campus:** The freshman admission policy on the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point average, ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends. The Admissions Office at the Kent Campus may defer the admission of students who do not meet admissions criteria but who demonstrate areas of promise for successful college study. Deferred applicants may begin their college coursework at one of seven regional campuses of Kent State University. For more information on admissions,

including additional requirements for some academic programs, visit the admissions website for new freshmen.

**Freshman Students on the Regional Campuses:** Kent State campuses at Ashtabula, East Liverpool, Geauga, Salem, Stark, Trumbull and Tuscarawas, as well as the Regional Academic Center in Twinsburg, have open enrollment admission for students who hold a high school diploma, GED or equivalent.

**English Language Proficiency Requirements for International Students:** All international students must provide proof of English language proficiency (unless they meet specific exceptions) by earning a minimum 525 TOEFL score (71 on the Internet-based version), minimum 75 MELAB score, minimum 6.0 IELTS score or minimum 48 PTE score, or by completing the ESL level 112 Intensive Program. For more information on international admission, visit the Office of Global Education's admission website.

**Transfer, Transitioning and Former Students:** For more information about admission criteria for transfer, transitioning and former students, please visit the admissions website.

# ADMISSION INFORMATION

Detailed information and admission applications can be found on the Admission's website.

## Adult Student

Undergraduate students who are 21 years or older and will have been graduated from high school for three or more years at the time of their first college enrollment are considered freshman adult students. Other students classified as adult students fit these criteria and also have earned a General Education Development (GED) credential and whose high school class will have been graduated for three years or more at the time of their first enrollment.

Adult students who have earned previous credits at any post-secondary institution are considered transfer students. Official transcripts from each school attended must be provided for admission consideration. For adult students who have completed 12 or more semester hours of college credit, a high school transcript is not required. Refer to the policy on Transfer Undergraduate Student in the University Catalog for more information.

Prospective and admitted adults students should contact the Center for Adult and Veteran Services for counseling and help with procedures.

## Former Undergraduate Student

Kent State University undergraduate students who withdrew from or left the university in good standing, or who left on academic probation and in the interim have not attended another post-secondary institution, do not need to apply for readmission. These students should contact the Office of the University Registrar for current enrollment and registration procedures. Students who have attended another institution since leaving Kent State will be required to apply for admission as transfer students, submit official transcripts and pay the non-refundable application fee. The Center for Adult and Veteran Services provides general advising, information, referrals and assistance for undergraduate students who meet the "adult student" criteria.

For information concerning former undergraduate students who have been dismissed from the university, refer to the policy for Dismissal, Appeal and Reinstatement in the University Catalog.

## Former Graduate Student

Kent State University graduate students who withdrew from or left the university in good standing will be required to re-apply for admission and pay the non-refundable application fee. Refer to the policy for Enrollment - Graduate in the University Catalog for more information.

For information concerning former graduate students who have been dismissed from the university, refer to the policy for Academic Standing - Graduate Student in the University Catalog.

## Graduate Student

Applicants are evaluated on the basis of both past academic performance and potential for continued achievement. In all cases, a combination of quantitative and qualitative measures is assessed. Credentials indicating an ability to succeed in graduate-level work may include overall and major graduate point average (GPA), caliber of prior institutions attended, progression of academic performance over time, standardized test scores, written communication skills,

recommendations from faculty, relevant work experience, indices of leadership, prior research experience and correspondence between research interests and available faculty expertise.

Refer to the end of this section for admission procedures for the College of Podiatric Medicine.

## Minimum Qualifications For Admission

1. A bachelor's degree from an accredited college or university. If applicant attended a non-U.S. college or university, the degree must have been received from a recognized institution where the requirements for the bachelor's degree are similar to those at Kent State University, as determined by Kent State's Office of Global Education.
2. A total undergraduate grade point average (GPA) of 3.000 on a 4.000 point scale. For graduate-level coursework, a minimum 3.000 GPA is expected. Some programs may require a higher minimum undergraduate or graduate GPA.

Applicants who do not meet the minimum university and/or program requirements may be considered for conditional admission. Admission in such cases will depend heavily on other indices of the student's ability to handle graduate-level work. These might include strong performance on standardized tests, GPA in the major and/or other experiences that are clearly indicative of strong academic ability.

## Conditional Admission

The purpose of conditional admission is to provide applicants with an opportunity to compensate for any deficiencies and to demonstrate their ability to satisfactorily complete graduate level work. Conditional admission is normally assigned for one or more of the following reasons:

- **Applicant does not meet minimum university/program requirements.** The conditions are determined by the applicant's program/college. Normally, conditions will include the successful completion of specified graduate coursework and/or the achievement of a specified first semester GPA. A statement of the conditions of admission, as well as the rationale for conditional admission, will be sent to the student in writing by the academic college. Monitoring the student's success in meeting specified conditions is the responsibility of the program.
- **Applicant does not have expected academic background in the field of proposed graduate study.** The conditions are determined by the applicant's program/college. Normally, the conditions will include the successful completion of specified undergraduate coursework. A statement of the conditions of admission, as well as the rationale for conditional admission, will be sent to the student in writing by the academic college. Monitoring the student's success in meeting specified conditions is the responsibility of the program.
- **Applicant does not meet minimum English proficiency requirements.** A statement of the conditions of admission will be included in the Letter of Admission. Conditions include the successful completion of English as a Second Language (ESL) courses and proof of English proficiency. Enrollment in ESL courses does not assure admission to an academic program. ESL faculty members are responsible for monitoring the student's conditions.
- **Applicant does not have final transcripts and/or degree document(s).** The required document(s) will be listed in the Letter of Admission, and must be submitted by the first day of the first semester of enrollment. The Division of Graduate Studies is responsible for monitoring receipt of the document(s). A registration hold will be placed on the student's record during the second week of

the student's first semester. The hold will inhibit further course registration if the document(s) have not been received by Graduate Studies by that time.

## Required Application Materials For Admission

- Online Application and non-refundable application fee.
- Copy of official transcripts from each college or university attended in which 8 or more semester credit hours were attempted, regardless of whether or not a degree was earned. Applicants must submit transcripts for both undergraduate and graduate coursework, including undergraduate credits earned while in high school. Scanned copies of official transcripts may be uploaded as PDF files in the electronic admission application.
  - Applicants previously enrolled at Kent State do not need to submit the Kent State transcript. The Division of Graduate Studies will obtain the Kent State transcripts on the applicants behalf, as long as Kent State is listed as a previous institution on the admission application. Applicants must still submit transcripts for all post-secondary work done elsewhere.
  - Students offered admission to Kent State University will be required to submit official transcripts from each college or university attended where academic credit was attempted. The offer of admission will be considered 'Provisional' until all official transcripts are received by Kent State University. An 'Unconditional' or 'Conditional' offer of admission will be awarded upon receipt of official transcripts, per the admitting program's recommendation.
  - The Division of Graduate Studies is responsible for monitoring receipt of official transcripts. If official transcripts are not received by the Division of Graduate Studies by the second week of the student's first semester of attendance, a registration hold will be placed on the student's records. The student will not be able to register or adjust his/her course schedule until all official transcripts have been received.
  - Any significant discrepancies found between student-provided unofficial transcripts and official transcripts will be **grounds for dismissal**.
- Letters of recommendation. Most programs require three letters, although some programs require two. The letters should be completed by persons who are familiar with the applicant's educational goals and professional and/or academic ability.
- Proof of English proficiency. All applicants whose education has been primarily outside the United States must have objective evidence of proficiency in the English language. Exceptions may be granted for applicants who have completed their education in a primarily English speaking country/territory. Refer to individual program admission criteria in the University Catalog and for a list of appropriate tests, minimum test score requirements and applicable exceptions.
- Additional materials as required by the graduate program to which the individual is applying.

Once received, all application materials become the property of Kent State University and will not be returned. Application materials are kept for a period of one year from the date the completed online application form is submitted. After that time, materials will be destroyed. Applicants interested in admission after one year will need to reapply and submit a new application fee.

## Multiple Applications

If an applicant chooses to apply to more than one graduate program, the applicant must submit a separate application and application fee for each program. Contact the Division of Graduate Studies to have application materials applied to more than one application. Applicants may be required to submit additional materials. Refer to individual programs in the University Catalog for required application materials.

## Deadlines For Admission

For timely consideration of the application, it is recommended applicants submit a complete application at least one month before the start of the semester of first coursework. Some programs may have much earlier deadlines. Refer to individual programs in the University Catalog for their deadlines.

## Application Procedures

### Domestic Applicants

Domestic applications are received and processed by the Division of Graduate Studies. All transcripts, letters of recommendation, goal/purpose statements, vita/résumés and other required materials as specified by the program must be sent to gradapps@kent.edu or Division of Graduate Studies, Office of Graduate Admissions, 650 Hilltop Drive, Kent State University, Kent, OH 44242.

After completing the online application form, applicants will receive notification via e-mail that the application was received. Applicants can also view the status of their submitted application using the Login ID and PIN that they created to complete the application. The Division of Graduate Studies will send applicants periodic e-mail reminders regarding any required application materials that have yet to be received.

Once all required application materials are received, the completed application form and materials are electronically forwarded to the respective program for review. The program's review committee then forwards its recommendation for admission or denial to the academic college dean. The dean's final admission decision is sent to the Division of Graduate Studies where it is documented on the applicant's record. The official admission decision letter is sent by the dean of graduate studies. Individual programs may send additional information to applicants, such as information about graduate assistantships.

### International Applicants

International applications are received and processed by Kent State's Office of Global Education. Applicants who require an F-1 or J-1 student visa must:

1. Meet the visa eligibility requirements.
2. Verify that they have the financial resources to cover their expenses during graduate study at Kent State University. The Financial Information Worksheet for International Students is available through the Office of Global Education. If a governmental entity is funding the student, an official letter regarding the funding must be submitted along with the Financial Information Worksheet for International Students.

The Financial Information Worksheet for International Students, proof of English proficiency and all transcripts, letters of recommendation, goal/purpose statements, vita/résumés and other required materials as specified by the graduate program must be sent to the Office of Global Education, Kent State University, 106 Van Campen Hall, 625 Loop Road, Kent, OH 44242, USA.

After completing the online application form, international applications will receive notification via e-mail that it was received. Applicants can also view the status of their submitted application using the Login ID and PIN that they created to complete the application. The Division of Graduate Studies will send applicants periodic e-mail reminders regarding any required application materials that have yet to be received.

Once all required application materials are received, the completed application form and materials are electronically forwarded to the respective program for review. The program's review committee then forwards its recommendation for admission or denial to the academic college dean. The dean's final admission decision is sent to the Division of Graduate Studies where it is documented on the applicant's record. The official admission decision letter is sent by the dean of graduate studies. Individual programs may send additional information to applicants, such as information about graduate assistantship. If accepted for admission, the Office of Global Education will issue the form I-20 or DS-2019.

International students may enroll at Kent State University only if they have been admitted to a degree program, a certificate program or the post-baccalaureate teacher education program. The form I-20 (required to obtain F-1 immigration status) or the form DS-2019 (required to obtain J-1 immigration status) is issued only after the application is complete, all documents are properly verified, the applicant is admitted to a degree program and proof of funding is received.

## Fraudulent Records

Any transcripts, certificates, translations or examination results that appear irregular will be verified with the appropriate school or examination authorities, and the application process will be delayed until verification is received. If it is determined that an applicant has submitted false records or omitted information about previous school attendance, his/her application will be denied, and legal action may be taken.

## Change Of Application Term

Applications and application materials are valid for one year only. Applicants may change the term of their application to a later term within one calendar year from the date the completed online application form was submitted. To be considered for admission during a different term, contact the Division of Graduate Studies to have the term of application changed. Some programs admit only one term per year. Refer to individual programs in the University Catalog for the term(s) during which they will consider admission. Applicants interested in admission after one year will need to re-apply and submit a new application fee.

## Defer Enrollment

Admitted students are expected to enroll in and attend courses during the term of their admission. Students may defer the term of enrollment to another term within one calendar year from the term of admission. Initial enrollment beyond one year is not permitted. To defer enrollment to a later term, contact the Division of Graduate Studies. Students who have not enrolled in and attended courses within one calendar year of admission will need to re-apply and submit a new application fee.

## College Of Podiatric Medicine

Kent State University's College of Podiatric Medicine adheres to the admissions policies set forth by the American Podiatric Medical Association. For the college's admissions procedures and requirements, visit the College of Podiatric Medicine website. Applicants to the Doctor

of Podiatric Medicine degree will need to apply through the American Association of Colleges of Podiatric Medicine Application Service.

## Guest Student

Admission as a guest student enables students to take a limited number of courses for credit. To be admitted in this category, undergraduate students must have graduated from high school, obtained a GED certificate or achieved the equivalent; and graduate students must have earned a bachelor's degree. Guest students typically take courses for job or personal achievement. Students pursuing a degree at another institution may apply as a guest student.

Guest students may remain in this status until no more than 18 semester hours at the undergraduate level or 6 semester hours at the graduate level of Kent State University credit have been attempted. Students cannot earn a degree or certificate in this admission status. Guest students who wish to pursue a degree or certificate program or continue after 18 semester credit hours (undergraduate) or 6 semester credit hours (graduate) have been attempted must apply for regular admission. Credit hours taken in this status may apply to a degree or certificate program with the approval of the college dean.

Guest students must meet all prerequisites for courses (or obtain permission of the instructor). Graduate guest students must also obtain approval from the corresponding program coordinator.

Individuals who have been denied admission to or are under dismissal from Kent State are not eligible for guest student status. Guest students are not eligible for financial aid.

## Home-Schooled Student

Kent State welcomes applications from home-schooled students. Students who are home-schooled may submit an equivalent diploma through a successful General Educational Development (GED) examination and an ACT/SAT score, or submit the following information for admission consideration:

1. Written verification from the appropriate school district that the student has been excused from compulsory attendance for home education.
2. ACT or SAT score (requirement may be waived by a regional campus that does not require scores for admission)
3. A portfolio of the student's work reflecting all secondary coursework completed.

Students should complete a program of study that covers the material in the full college preparatory program recommended by the Ohio State Board of Education. Non-Ohio students should submit appropriate supporting documents as required by their home state. Please contact the Office of Admissions for further details.

## Non-Degree Student

Admission as a non-degree student enables students to take a limited number of courses for credit (either full time or part time). Students in this status are not seeking a degree, but may wish to earn a certificate or take courses for job achievement, personal enrichment, intellectual curiosity or other personal reasons. Students cannot earn a degree in the non-degree status.

Non-degree students must meet all prerequisites for courses (or obtain permission of the instructor). All fees, deadlines and performance standards for degree students apply to non-degree students.

## Undergraduate Non-Degree Student

Application for undergraduate non-degree status should be made through the Office of Admissions. A non-refundable application fee is required. Admission is based on the same criteria detailed in the University Catalog for undergraduate or transfer students, whichever is appropriate.

Undergraduate non-degree students may remain in this special status for one academic year or until a maximum of 45 semester credit hours is earned. Should non-degree students wish to pursue a degree, they may, prior to or upon earning 45 semester credit hours, apply to any undergraduate division of the university. Admission to a degree program, however, is based upon the admissions requirements established by each academic department or school.

## Graduate Non-Degree Student

Application for graduate non-degree student status should be made through the Division of Graduate Studies. Students who plan to pursue a graduate certificate program must apply as a non-degree student, unless they are already in a concurrent degree program. Admission is based on the same criteria detailed in the Graduate Student policy in the University Catalog.

Graduate non-degree students must register for coursework within one year after the admission date. Admission of students who do not register within one year will be inactivated. Reapplication must be made if students desire to register for coursework at this time. Once registered, graduate non-degree students may continue to take courses for six years. Six years after the first registration, non-degree students will be inactivated and must reapply for admission if continued registration in graduate coursework at Kent State University is desired. Anyone who has been denied admission to graduate studies, or is under dismissal from the university, is not eligible for graduate non-degree student status.

Graduate non-degree students who wish to pursue a degree must apply for admission to the degree program. A maximum of 12 semester credit hours taken as a non-degree student may be petitioned to satisfy requirements of a degree program. A petition for transfer of credit must receive approval of the department or school and the college dean. Note that some departments and schools will not accept any credit hours for transfer.

In addition to meeting all prerequisites for courses (or obtaining permission of the instructor), graduate non-degree students must obtain approval from the corresponding graduate program coordinator to register for graduate courses. Students may not transfer in credit earned at another university while in non-degree status.

## Non-Traditional Master's Degree Student

In rare instances, persons who have not completed a baccalaureate will be considered for admission to the appropriate graduate unit due to unusual and exemplary experiential learning.

Such applicants may apply for admission by presenting for departmental consideration a curricular plan encompassing undergraduate and graduate coursework to achieve a liberal educational background and professional graduate degree and three letters of recommendation attesting to their potential for graduate study. Upon departmental

recommendation and the approval of the college dean, applicants will be admitted to undertake graduate work.

Upon successful completion of the curricular plan and the particular master's degree requirements, the students will be awarded the master's degree.

## Post-Undergraduate Student

Those who have received a bachelor's degree from an accredited college or university other than Kent State University and who wish to take undergraduate courses at Kent State may apply as post-undergraduate students. Kent State graduates who have taken coursework elsewhere since leaving Kent State are also considered post-undergraduates. Baccalaureate graduates of Kent State University who have not attempted subsequent college work do not need to reapply to the university but do need to declare their intent to the Office of the University Registrar. Typically, post-undergraduate students take undergraduate courses to pursue a certificate or an additional baccalaureate, to prepare for graduate school or to enrich themselves personally or professionally.

A post-undergraduate application is available online on the Admissions website. Kent State requires a non-refundable application fee and official transcripts from all colleges or universities attended.

## Transient Student

Students pursuing a degree at another institution may apply as transient students to Kent State. Such students must be in good standing. Transient undergraduate students must possess a minimum 2.000 GPA (on a scale of 4.000) to be eligible for admission. The transient permission form must be certified in writing by the registrar or college dean of the institution where the students are enrolled. Graduate students may obtain a Graduate Transient Certification of Good Standing form on the Division of Graduate Studies website.

Transient status is for one semester only. Students wishing to attend more than one semester must reapply. Returning transient students must be in good academic standing at Kent State. A non-refundable transient student fee will be assessed for each transient admission. An ID card may be obtained through the FLASHcard Office in the Kent Student Center.

Kent State undergraduate students wishing for take coursework at another institution should refer to the policy on Transfer of Undergraduate Credit in the University Catalog.

## Transient International Visiting Graduate Students

Students who are in good standing in a graduate degree program at a university abroad may be admitted as transient students at Kent State University to take coursework that may apply to their degree program.

Steps for approval:

1. Complete the International Transient Certification of Good Standing form, which will be processed through the Office of Global Education, 106 Van Campen Hall.
2. Submit a request letter from the advisor at the home institution certifying that the student is in good standing.
3. Submit a letter of acceptance from a Kent State faculty member.
4. Receive approval by the department/school graduate program committee and by the college dean.

International transient students are allowed to work using Kent State facilities for maximum 12 months. Students may also register for research hours or for regular courses not to exceed a total of 12 credit hours over the visiting period. Tuition will be paid by students' home institution or by a Kent State grant. Students will be identified as full time.

## Undergraduate Student

Students desiring admission to an undergraduate program should submit the appropriate application materials to the Office of Admissions. Students should arrange to have all necessary high school and college transcripts sent directly to the Office of Admissions from each institution previously attended. All credentials submitted for admission become the property of the university and are not returnable or transferable. The university reserves the right to change, without notice, any admissions procedures described in the University Catalog.

### Freshmen Students

Students who have not attended any other educational institution after graduating from high school should apply to be admitted as freshmen.

### Application Procedures

Prospective freshman students can apply by submitting an electronic application, application fee and required academic credentials to the Office of Admissions. Students can submit an electronic application on the Office of Admissions website.

The Office of Admissions must receive a non-refundable application fee and a high school transcript before processing the application. A personal interview is not required for admission; however, applicants are encouraged to arrange both an interview with an admissions counselor and a campus visit by contacting the Office of Admissions.

### Required Credentials

Freshmen entering Kent State must submit a high school transcript and American College Test (ACT) or Scholastic Assessment Test (SAT) scores. Students are excused from this test score requirement only if they have been graduated from high school for three or more years or if they are 21 years or older at the time of their first enrollment. These test scores are essential in determining students' admission status and academic aptitudes; assisting in academic advising; and helping to determine scholarship eligibility.

ACT or SAT scores should be reported to Kent State University directly from the testing agency. Students should use the following ACT codes based on the campus to which they plan to be admitted:

- Ashtabula Campus (3773)
- East Liverpool Campus (3225)
- Geauga Campus (3224)
- Kent Campus (3284/SAT 1367)
- Salem Campus (3354)
- Stark Campus (3226),
- Trumbull Campus (3343),
- Tuscarawas Campus (3361)

A final high school transcript verifying graduation or a GED certificate/score report is required for both enrollment and financial aid at Kent State University.

### Admission Requirements at the Kent Campus

Freshman admission to the Kent Campus is selective. Admission decisions are based upon the following: cumulative grade point

average (GPA), ACT and/or SAT scores, strength of high school college preparatory curriculum and grade trends.

The university affirmatively strives to provide educational opportunities and access to students with varied backgrounds, those with special talents and adult students who graduated from high school three or more years ago.

Students who not offered admission to the Kent Campus may request that the Admissions Office forward their application for consideration at one of the seven regional campuses of Kent State University.

### Admission Requirements at the Regional Campuses

Admission to the Regional Campuses is handled through the Office of Admissions at any of the seven regional campuses. Admission is open to anyone with a high school diploma or its equivalent. Part-time early admission opportunities are available for qualified high school students in consultation with an advisor. In programs with special admission requirements, admission decisions and judgments are made by the director of the program following normal faculty consultative procedures, and take into account factors such as life experience, level of motivation and concern for under-represented groups in the program, as well as such indicators as GPA or ACT score. Each regional campus has staff members available to discuss admissions, financial aid opportunities and programs with prospective students.

Registration dates, times, procedures and access methods are similar to those of the Kent Campus. Registration information at a particular campus can be obtained from that campus. Because the seven regional campuses and the Kent Campus comprise one university system, access and mobility among the campuses is encouraged and facilitated. Even so, there are some differences between the Kent Campus and the regional campuses in freshman and transfer admission requirements.

### Kent Campus Referrals

Freshman admission eligibility at the Kent Campus is based upon an applicant's cumulative high school GPA and, in some cases, standardized test scores and the college preparatory curriculum. Students not meeting the freshman admission criteria for the Kent Campus who wish to enter the Kent State University system must enroll for at least one semester at a regional campus. Enrollment at the regional campuses permits students to take advantage of smaller class sizes, more individualized advising services and a wider range of developmental programs.

For the deferred freshman or transfer student who enrolls at a regional campus to obtain the best possible foundation for academic success, the student must complete the following minimum academic achievements before enrolling at the Kent Campus:

1. Successfully complete all developmental coursework as prescribed by placement testing and an academic advisor.
2. Successfully complete 12 credit hours of college-level coursework (not including any coursework considered developmental).
3. Achieve a minimum 2.000 overall GPA.

Students are strongly encouraged to work closely with their academic advisor in planning for the transition to the Kent Campus.

### Selective Admissions

Freshmen must meet specific requirements to enter several academic programs and academic units at Kent State. Individual requirements for these programs are listed under the respective departments in the University Catalog. Students interested in these special admission areas should apply one year prior to the date of anticipated enrollment.

Even though some of these programs do not have an early application deadline for fall semester, students who apply early will receive priority consideration. Specific questions about these areas can be directed to the Office of Admissions, colleges or the individual departments or schools.

Admission to Kent State University is valid only for the specific term to which students are first admitted. Students who do not enroll in the term to which they were admitted must submit a new application. The Office of Admissions will then determine the students' admissibility for that term.

### **Destination Kent State: Advising and Registration**

For six weeks, beginning in June, admitted Kent Campus freshmen for the fall semester and their parents are invited to campus for a one-and-a-half day orientation to Kent State. The primary goals of Destination Kent State: Advising and Registration are to acquaint students and parents with university programs and services, provide an individual advising session for each student and register students for fall classes. New fall-semester freshmen are invited to campus to participate in this program. New spring-semester freshmen are invited for academic advising and registration for spring classes in November and January.

### **Transfer Students**

Persons who have attended any other educational institution after graduating from high school must apply as undergraduate transfer students.

### **Application Procedures**

Prospective transfer students are encouraged to apply before their junior year in college. Students applying just prior to, or after, the junior year must declare a major and a minor (if required) and should consult with the appropriate academic division concerning the suitability of their preparation for their major.

### **Required Credentials**

To complete their application, transfer students must submit the following to the Office of Admissions:

- A transfer application form and a non-refundable application fee.
- An official transcript from each post-secondary institution attended. These transcripts must be sent directly from the previous institutions to the Office of Admissions, Kent State University, P.O. Box 5190, Kent, OH 44242-0001.
- A final high school transcript from the following students:
  - Applicants with fewer than 12 credit hours of non-remedial/developmental coursework earned at other colleges or universities.
  - Applicants who, for special reasons, are asked by the Office of Admissions to submit a high school transcript.
- Official results of the ACT or the SAT. Test results are not required of the following applicants:
  - Are 21 years or older at the time of their first enrollment.
  - Have successfully completed 12 or more credit hours of non-remedial/-developmental college coursework.
  - Have graduated from high school three or more years prior to application.
- Verification of high school graduation for financial aid purposes.

An interview may, in some cases, also be required by the Office of Admissions.

It is required that applicants list on the application each institution attended after high school, whether or not credit was earned, and forward separate transcripts from each of these institutions. Questions regarding these requirements should be directed to the Office of Admissions prior to application. Failure to comply with these requirements represents falsification of the application and will result in appropriate disciplinary action.

### **Admission Requirements**

Generally, transfer applicants who have taken at least 12 credit hours with a minimum 2.000 overall GPA as computed by Kent State University (on a scale of 4.000) may be admitted to the university. Applicants who have taken fewer than 12 credit hours will be evaluated on both their collegiate and high school records. Applicants who have been dismissed from another college or university will not be considered for admission unless the students are eligible to return to that previous institution, have been out of college at least 12 consecutive months since the dismissal, or have completed at least 12 credit hours of credit at another institution with a minimum 2.000 overall GPA (on a scale of 4.000).

### **Selective Admissions**

Transfer students are not directly admitted into selective programs unless they meet specific requirements beyond those for acceptance to Kent State. Individual requirements for these programs are listed in the University Catalog. Students interested in these selective admissions areas should apply one year prior to the date of anticipated enrollment. Specific questions about these areas can be directed to the Office of Admissions or the individual departments/schools.

### **Application Deadlines**

Transfer applications are reviewed on a rolling basis. Early application helps ensure early consideration for course registration, residence hall preference and financial aid. Therefore, the best time to apply is at least six months prior to anticipated enrollment, although some selective programs may have different deadlines.

Admission to Kent State University is valid only for the specific term to which the students were first admitted. Students who do not enroll in the term to which they were admitted must submit a new application. The Office of Admissions will then determine the students' admissibility for that term.

Refer to the policy on Transfer of Undergraduate Credit in the University Catalog.

### **International Students**

Applicants must apply as international students if they are not citizens of the United States or are not currently maintaining immigration status in the United States as a legal permanent resident, refugee or asylee. International students who wish to enter Kent State University should allow six months from the date of initial correspondence to the beginning date of classes to complete the application process. This will generally ensure enough time for international applicants to obtain a student visa and make international travel arrangements.

All international applicants must submit application materials to the Office of Global Education. International students wishing to attend one of Kent State's regional campuses must apply and be admitted through the Office of Global Education on the Kent Campus.

Refer to the policies above for freshmen and transfer students for more information on criteria for admission and application procedures and process, including deadlines.

## **Veteran Student**

Ohio veterans of the Armed Services who did not graduate from an accredited high school and who are 21 years of age or older will be considered by Kent State University if they have passed the General Educational Development (GED) examination. Certain training courses provided in the Armed Services may be acceptable for college credit. Certificates of completion for such courses should be submitted to the Office of Admissions for consideration.

Veterans may also seek assistance with pre-admission counseling through the Center for Adult and Veteran Services.

# GLOSSARY OF ACADEMIC TERMS

---

## Academic Advising

Advising helps students clarify their career goals, reach their maximum educational potential and achieve academic success. Academic advisors address student needs related to learning, personal development and career aspirations; recognize and respond to diverse individual needs and differences among students; and help students plan and implement academic programs of study in a manner that will ensure timely progress toward graduation.

## Academic Standing

Academic status at institutions of higher education. Students with a cumulative 2.00 GPA or above are in good academic standing.

## Academic Year

The academic year consists of two 16-week semesters – fall and spring.

## Accreditation

An external review process by which experts authorize or give credentials indicating that standards and expectations have been met by academic programs or institutions.

## Admissions Office

Information pertaining to the process of admission to the university is available from this office.

## Adult Student

A student who is 21 years old or older and who has been out of high school for three years or more at the time of his/her first college enrollment. Further defined as any student whose primary life roles and responsibilities exist independent of the university and which, at times, may take precedence over the role of student.

## Advanced Placement

Credit granted by Kent State for satisfactory scores attained through high school participation in this nationally standardized program. Contact the Transfer Center for information.

## ALEKS

**Assessment and Learning in Knowledge Spaces** is a Web-based, artificially intelligent assessment and learning system. ALEKS uses adaptive questioning to quickly and accurately determine exactly what a student knows and doesn't know in a course. ALEKS then instructs the student on the topics she is most ready to learn. As a student works through a course, ALEKS periodically reassesses the student to ensure that topics learned are also retained. ALEKS courses are very complete in their topic coverage and ALEKS avoids multiple-choice questions. A student who shows a high level of mastery of an ALEKS course will be successful in the actual course she is taking (Source: [www.aleks.com](http://www.aleks.com))

## Advisor

Professional advising staff member or a faculty member who provides students with information concerning courses, programs of study and other aspects of academic life.

## Attempted Credit Hours

Students' total credit-hour registration, either for a specific term or cumulative for all terms. Attempted credit hours include courses for

which students have received either a letter grade or other administrative mark (AU, IN, IP, NA, NF, NR, SF, W, etc.)

## Audit

Audit is enrollment in a class where no grade or credit is received.

## Board of Trustees

The board is made up of 11 trustees, two of whom are students at Kent State University. Trustees are appointed by the governor to provide for the proper maintenance and successful, continuous operation of the university (as specified by the Ohio Revised Code).

## Board Plan

Food service plan operated by the university.

## Bursar's Office

The university office where payments of tuition and fees are made.

## Career Services Center

The university office providing assistance with career employment, career counseling, student employment and academic testing.

## Catalog Year

A term identifying the catalog that contains the requirements defining a student's academic program. Initially, it is the Catalog in force during the student's first semester at Kent State University.

## Catalog in Force

The University Catalog for the current academic year. Example: In fall semester 2015 and spring semester 2016, the Catalog in force is the 2015-2016 University Catalog.

## Certificate Programs

Certificates are awarded to students who successfully complete a course of study designed to meet a specific need and that has been designated a Certificate Program and properly approved as such. These programs typically consist of no less than 15 credit hours and no more than 30.

## Certification

Formal 'licensing' of a professional program according to the standards of an external professional body.

## Center for Student Involvement

The Center for Student Involvement (CSI) offers an array of resources that provide opportunities for leadership and participation in student-initiated projects and organizations.

## College Level Examination Program (CLEP)

A testing program administered by the Career Services Center. The completion of these exams may result in college-level credit.

## College

Academic organizational division of the university offering courses and curricular programs leading to baccalaureate and advanced degrees, as well as minors and certificates.

## Colloquium

An academic seminar on a broad topic usually led by a different lecturer at each meeting.

## Commuter Student

Students who attend Kent State but do not live on campus in a university residence hall.

**Complete Term Withdrawal**

Withdrawal from all courses is permitted through the published deadlines found on the University Registrar's website.

**Concentration**

An area of focus within a major usually encompassing several allied disciplines.

**Co-requisite**

Course(s) requiring simultaneous enrollment in another course. Example: PHY 13001, a lecture course, is a co-requisite for PHY 13021, a lab course.

**Course Add or Drop**

Adding or dropping a course from the student's class schedule.

**Course Load**

Total number of credit hours for which a student is registered during any semester.

**Course Withdrawal**

Process by which a student removes a course(s) from his/her schedule, subject to the deadlines published on the University Registrar's website. A mark of W will be recorded on the student's transcripts.

**Credit-by-Examination (CBE)**

Credit earned in selected approved courses by taking a departmental examination to test knowledge already possessed without previous course enrollment. Refer to the University Registrar's website for more information.

**Credit Hours**

Units based on contact hours in a learning environment that are acquired for completed coursework applied toward a degree or certificate.

**Dean**

The head of a division, faculty, college or school of a university.

**Dean's List**

In recognition of academic excellence, a Dean's List is compiled each academic semester. To qualify, students must have a grade point average in the semester of 3.40 or greater and must have completed 12 or more regular letter-graded credit hours by the end of that semester. This notation will be printed on the students' official transcript.

**Degree**

- **Associate Degree:** Two-year degree of a technical or general nature offered only on the Regional Campuses.
- **Bachelor's Degree:** Academic degree conferred by a university or college.
- **Combined Baccalaureate and Master's Degree Programs:** Programs of study available to students with outstanding undergraduate records or exemplary professional credentials.
- **Master's Degree:** Academic degree conferred by a university for completion of an integrated program of study at the graduate level beyond the bachelor's degree; usually involved one or more years of work and completion of a research project or thesis.
- **Educational Specialist:** Post-master's practitioner program. This is not an interim step between the master's and doctoral degrees, but provides preparation for a specialty position within the field of professional education.
- **Doctoral Degree:** Highest degree conferred by a university following advanced graduate study and research.

**Department**

Academic unit within a college.

**Destination Kent State**

A three-part orientation program designed for first-year students to familiarize them with Kent State University, and provide them with the tools necessary to enjoy a successful journey to graduation.

**Discipline**

Specific area of study; formally organized body of knowledge.

**Dismissal**

Students who fail to make adequate progress toward completion of a program of study or whose academic performance indicates little chance of obtaining the minimum grades required for graduation is no longer allowed to enroll at the university.

**Distance Learning**

Any type of interactive education in which students communicate with faculty and other students via e-mail, electronic forums, video conferencing or another form of computer-based communication, rather than through face-to-face interaction.

**Diversity Course Requirement**

Coursework required of all baccalaureate-seeking students. Typically, students must complete two courses from the list of approved diversity courses, including at least one from the diversity list within the Kent Core.

**Double Major**

The pursuit of two or more programs of academic study for a single degree within the same college.

**Dual Degree**

The pursuit of programs of study in two different colleges within the university leading to degrees in both colleges. Students may also pursue two separate degrees within the same college.

**Electives or General Electives**

Classes pursued in addition to the collegial, departmental, major and other degree requirements.

**Experiential Learning Requirement**

The purpose of Kent State's experiential learning requirement (ELR) is to provide students with direct engagement in learning experiences that promote academic relevance, meaning, and an understanding of real-world issues. Experiential learning opportunities exist in a variety of course- and non-course-based forms and may include community service, service-learning, undergraduate research, study abroad/away, and culminating experiences such as internships, student teaching, and capstone projects, to name a few.

**Faculty Senate**

Faculty governing body that is primarily concerned with matters of university educational policies, curriculum, academic and professional standards, and the establishment, discontinuance and major alteration of academic programs. Possesses shared responsibilities and advisory responsibilities. May consider other matters pertaining to the welfare and mission of the university.

**Financial Aid**

Financial assistance for an eligible student; available in the form of grants, loans, scholarships and federal work-study employment.

**FLASHcard**

Identification card issued to all registered students. It is used for admittance to athletic, cultural and social events; borrowing of library materials; and purchasing goods and services on the Golden Flash debit plan or the Dining Services board plan.

**FLASHcash**

FLASHcash is a prepaid purchase plan for students, faculty, staff or anyone who frequently visits Kent State University. It works like a credit card in reverse. Students make an initial deposit to their account and charges are deducted as they make purchases.

**FlashLine**

FlashLine is the web-based portal (entryway) for Kent State students, faculty, staff and alumni. For help with FlashLine, contact the university Helpdesk at 330-672-HELP or visit the FlashLine information website.

**FlashLine User Name**

Login user name for most campus resources. Everything before @kent.edu in the e-mail address.

**First-Year Experience Course**

Program designed to familiarize new students with the university, their college and university policies and procedures.

**Free Application for Federal Student Aid (FAFSA)**

Financial information document submitted by an applicant for student financial aid; supplies information concerning income, assets, expenses and liabilities.

**Freshman**

An undergraduate student who has earned fewer than 30 credit hours.

**Full-Time Student**

Any undergraduate student enrolled in the university who is carrying a course load of 12 or more credit hours per semester. A full-time graduate student is one registered for 8 or more credit hours per semester.

**General Requirements**

General requirements address a broad range of matters such as degree requirements, requirements for graduation, residency requirements and academic standing.

**GPA (Grade Point Average)**

Grade point average is determined by the number of credit hours attempted at Kent State University and the grades received. The GPA is calculated to three places past the decimal point and not rounded.

**GPS Degree Audit**

The GPS includes a degree audit which is a summary of degree requirements merged with the academic record which provides a real-time assessment of progress toward graduation. The audit is organized in blocks of like requirements. The Degree Audit is the official list of all requirements for graduation.

**GPS Individualized Degree Plan**

Students create a Degree Plan that begins with the requirements in the Degree Audit, organized in a Roadmap format, but tailored for the student's unique situation. The Degree Plan can be adjusted to fit the student's needs, including shortening the time to graduation, adding summer terms or expanding your program length to accommodate a work schedule or family responsibilities.

**Graduate Student Senate**

Represents the concerns of the graduate student community of Kent State University and serves as an allocation body by providing funding to graduate students and graduate organizations for speakers, workshops, social events and professional travel.

**Graduation Planning System (GPS)**

A program that provides students with a roadmap to degree completion which includes a real-time degree audit and an individualized educational plan.

**Grant (Financial Aid)**

A nonrepayable award to an eligible student based upon determined financial needs and program criteria.

**Incomplete (IN mark)**

An administrative mark that may be given to students who are unable to complete the last three weeks of a semester because of factors beyond their control.

**In Progress (IP mark)**

A mark given to indicate that research, individual investigation or similar efforts are in progress and that a final grade will be given when all the work is completed.

**Individual Investigation**

A method of independent study that, if approved by the appropriate university authorities, allows the student to pursue topics of interest in a flexible time frame.

**Individualized Major**

Individually designed program of study developed in consultation with the dean of the college and with faculty recommendations. Kent State offers the individualized major within the Associate of Technical Study degree and the Bachelor of Integrative Studies degree.

**Intercollegiate**

Activities involving two or more colleges or universities.

**Interdisciplinary**

Course or program of study involving two or more major areas and departments of study.

**International Student**

A student who is not a citizen of the United States and who has entered the United States on a temporary basis for the purpose of enrolling in an educational institution.

**Internship**

A work experience in a position related to the academic field of preparation.

**Junior**

An undergraduate student who has earned between 60-89 credit hours.

**Kent Academic Progress System (KAPS)**

An automated degree audit system to monitor students' progress toward completion of degree requirements.

**Kent Core**

The Kent Core is the foundation of the university's mission to prepare students to live in today's complex, global society. It broadens intellectual perspectives, fosters ethical and humanitarian values and prepares students for responsible citizenship and productive careers. Through this

learning experience, students develop the intellectual flexibility they need to adapt to an ever-changing world.

Kent Core Coursework

- Composition
- Mathematics and Critical Reasoning
- Humanities and Fine Arts
- Social Sciences
- Basic Sciences
- Additional Courses

### **Kent State ID Number**

A 9-digit number that identifies students, faculty, staff, alumni and others in the Banner system.

### **Late Registration**

Process of initial class enrollment for a given term once the term has begun. A late registration fee is assessed beginning the second week of classes.

### **Liberal Education Requirements (LER) (Replaced by Kent Core fall 2010)**

In five areas to be completed during the first two years of study, the LER are designed to provide a common nucleus and an appropriate breadth of inquiry, understanding and perspective to the Kent State undergraduate education experience. It is essential, therefore, that students consult the Catalog descriptions for their college degree program.

### **Licensure**

Formal 'permission' of a professional program according to the standards of an external professional body—for example, the certification of graduates in approved curricula of the College of Education, Health, and Human Services.

### **Lower Division Courses (10000, 20000)**

Are for freshmen, sophomores and others with little or no background in the discipline. Generally, these courses provide the understanding, foundation and preparation for more advanced study (although a pathway for more advanced study is not always required, and they may be ends in themselves).

### **Major**

A subject of focus for academic study in which a student pursues a prescribed curriculum and is a formal degree candidate.

### **Math Emporium**

A state-of-the-art learning center where students will interact with adaptive ALEKS software and a highly skilled instructional team. Students learn through an innovative, engaging and easy-to-use program designed to help them become comfortable and proficient in basic mathematics.

### **Matriculation**

The process of being admitted into a group, especially a college or university.

### **Minor**

Subject of focus for academic study in which a student pursues a prescribed curriculum and is a formal degree candidate.

### **Noncredit**

Courses or programs for which no academic credit is given.

### **Nonresident**

Student who has not established status as a resident of Ohio as defined by Ohio Board of Regents. Refer to the policy in the Policy Register on the Kent State website.

### **Office of Student Conduct**

Responsible for addressing the adjudication of students who are accused of violating campus rules or policies, state laws, federal laws, and/or municipality disputes.

### **OIG (Financial Aid)**

Ohio Instructional Grant; a nonrepayable award made by the Ohio Board of Regents to an eligible undergraduate student who is an Ohio resident. The OIG is applied to the cost of tuition and fees.

### **Ombuds**

Swedish term meaning 'representative.' Person appointed by the university to assist students in resolving concerns, complaints and grievances through established channels.

### **Part-Time Student**

Any undergraduate student enrolled in the university who is carrying a course load of fewer than 12 credit hours per semester; a graduate student enrolled in the university who is carrying a course load of fewer than 8 credit hours per semester.

### **Pass-Fail**

System by which undergraduate students can take elective courses for a grade of pass or fail in lieu of a letter grade.

### **Pell Grant**

A nonrepayable financial aid award provided by the federal government directly to an undergraduate student.

### **Postundergraduate**

A student with a baccalaureate degree who is enrolling in additional undergraduate-level classes.

### **Practicum**

A school or college course, especially one in a specialized field, designed to give the students supervised practical experience.

### **Preprofessional**

Preparation for professional training through undergraduate programs of study.

### **Prerequisite**

Course(s) or condition(s) required before enrollment in a more advanced class. Example: FR 13201 is a prerequisite for FR 13202.

### **President's List**

In recognition of an extremely high level of academic excellence, a President's List is compiled each academic semester. To qualify, undergraduate students must have a grade point average in the semester of 4.00 and must have completed 15 or more credit hours (all of which have regular grades) by the end of that semester. This notation will be printed on the students' official transcripts.

### **Probation (Academic)**

A warning to undergraduate students who fail to maintain a semester and/or overall grade point average of 2.00 or better. Failure to improve the academic record within a specific time may result in academic dismissal.

### **Program**

Plan of academic study.

**Provost**

Senior vice president of academic affairs; chief academic officer of the university.

**Quality Points**

The number of points assigned per credit hour for each letter grade.

**Registrar's Office**

The university office that plans and oversees registration activities, record maintenance, transcript preparation and academic testing.

**Registration**

Process of initial class enrollment for a given term.

**Reinstatement**

Process by which a student may gain reentry to the university after a dismissal.

**Repeat for Recalculation**

Students may repeat lower-division (10000-20000 level) courses, and the university will use only the highest grade in the calculation of the cumulative grade point average. The repeated credit hours will be added back in for the purposes of calculating institutional honors.

**Requirement**

Course or condition that must be fulfilled as part of a particular program.

**Roadmap**

A list of course requirements in a semester-by-semester layout that must be met for undergraduate students to graduate with a specific major. Roadmaps also identify courses and other milestones that are critical for students to complete in a particular semester to be on track for timely graduation.

**ROTC**

Reserve Officers Training Corps—program leading to commission as officer in military service in either the Air Force or Army.

**Schedule Adjustment**

A change to a class schedule for a student who has already enrolled in at least one course for the term. Deadlines for schedule adjustments are published on the University Registrar's website.

**School**

Term applied to academic units within a particular college or to a single academic unit offering curricular programs leading to a baccalaureate or advanced degree.

**Scholarship**

A nonrepayable award to an eligible student based upon academic achievement and determined financial need or, in some cases, based upon academic achievement alone.

**Semester**

School term (about 16 weeks long) that is one-half of the academic year.

**Semester Hour**

Each unit of academic credit assigned to a course as the credit value for that course under the semester system is known as the credit hour. Generally, credit hours for a course are directly equivalent to the number of classroom contact hours per week.

**Senior**

An undergraduate student who has earned 90+ credit hours.

**Sequence**

Courses that must be taken in a definite order.

**Sophomore**

An undergraduate student who has earned 30-59 credit hours.

**Student Legal Services**

A non-profit law firm whose purpose is to explain and assist in resolving legal issues that a student may face.

**Syllabus**

An outline or a summary of the main points of text, lecture or course of study.

**Symposium**

A meeting or conference for discussion of topic, especially one in which the participants form an audience and make presentations.

**Transcript**

The accurate and complete record of a student's academic coursework attempted at an institution, presented in either electronic format or paper format.

**Transfer Module**

Developed by the Ohio Board of Regents, a specific subset or the entire set of a college or university's general education requirements (Kent Core). A Transfer Module completed at one Ohio college or university will automatically meet the requirements of the Transfer Module at the receiving Ohio institution, once the student is accepted. Students may be required, however, to meet additional general education requirements that are not included in the Transfer Module.

**Transfer Student**

Any student applying to Kent State University who has attended any institution of higher learning since leaving high school.

**Transient Coursework**

Coursework approved for Kent State University students who attended another accredited institution.

**Transient Student**

Any student enrolled in another college or university who will attend Kent State University for one term.

**Tuition**

A fee for instruction, especially at a formal institution of learning.

**Tutor**

Person providing special study skills and assistance in a particular subject or academic program.

**Undergraduate**

A term applied to students who are pursuing an associate or bachelor's degree as a freshmen, sophomores, juniors and seniors.

**Undergraduate Overload**

Enrollment for classes hour in excess of 18 during fall or spring semester, in excess of 6 credit hours during Summer I or III, or 10 credit hours during Summer II.

**Undergraduate Student Government**

Primary vehicle by which the undergraduate student body provides its input into the university community.

**Upper Division Courses (3000, 40000)**

Upper-division credit should be awarded for courses that are major related with the specialization, breadth and depth in a particular field. These courses typically have prerequisites because it is understood that it is advanced study, and students need the proper knowledge before taking the course.

**Withdraw**

See Course Withdrawal

**Workshop**

A credit or noncredit activity that focuses on a participant's professional tasks. Instructional emphasis is given to mastery and applications of knowledge, skills and attitudes that address a narrowly defined range of problems or issues related to practice. All credit workshops are graded satisfactory/unsatisfactory (S/U).

**Work-Study (Financial Aid)**

An employment program based upon determined financial need. An eligible student may be employed on campus for not more than an average of 20 credit hours per week to earn money to help pay for educational costs.

**Writing-Intensive Course Requirement**

A graduation requirement for all undergraduate students requiring completion of at least one upper-division course designed as 'writing-intensive' with a grade of C (2.000) or better.
